Activity

During the first semester of 2014, the Precia Molen Group achieved a turnover of € 46.0 million, increasing by 9.1% compared to the same period in 2013. At constant perimeter and currencies rates, the increase amounts to 7.0%. The variance corresponds mainly to the consequence of changes in IFRS where Precia Molen (IRL) Ltd will now be included in the consolidation perimeter.

During the first months of 2014 the Group noted a large increase of order in-take altogether with a weather facilitating the service activities.

As a consequence, the Group sales have largely increased during the semester, particularly on French territory.

However, after several years of significant increase, several overseas subsidiaries have noted a decrease in sales, particularly in India where it has reached a ceiling level.

Forecasts and outlook

The order in-take has notably reduced in the past 3 months and this will impact the group growth in the second semester.

The Group recently acquired Antignac SAS to benefit from the French service market that continues to grow and remains open to any new possibilities for external growth, both in France and internationally.

About Precia Molen

PRECIA MOLEN designs and manufactures, sales and maintains systems and solutions of industrial and commercial static weighing and of continuous weighing and dosing equipments. Main clients are heavy industries (mines, quarries, steel, environment, energy...) and light industries (food, chemicals, transportation and logistic...) and also public sectors (posts, local authorities...).

From design to after sales service, PRECIA-MOLEN is able to provide total weighing solutions for all businesses. Precia Molen is present in 42 countries, with 11 commercial subsidiaries and a large network of selling agents. It has four production sites in France, The Netherlands and India. The Group pursues a large research and innovation program, and has been granted an "Innovating Company" status by French authority Oseo.

Precia Molen is listed on NYSE Euronext's C compartment in Paris (code ISIN FR0000060832 - Mnemo: PREC).
