Acquisition of Le Barbier Pesage and affiliates

Precia-Molen has just completed the 100% acquisition of Le Barbier Pesage and affiliates, specialist in industrial and commercial weighing with offices and service bases located in Le Havre, Rouen, Dieppe, Paris and Lille.

Le Barbier and affiliate, created more than 50 years ago, are amongst the biggest weighing sales and service companies in the north-west of France and Paris regions; the cumulated turnover is slightly above four millions euros.

The companies will be immediately integrated in French service branch of the group (Precia Molen Service) and consolidated from January 2015.

This acquisition aims to improve the territorial presence of Precia Molen Service and will provide the current Le Barbier customers a direct access to the services and products of the Precia Molen Group.

About Precia-Molen

PRECIA-MOLEN designs, manufactures, markets and maintains industrial weighing solutions and systems, both static and dynamic, including continuous weighing and dosing systems, to a wide range of industries. Key market sectors include heavy industry, e.g. mining, quarrying, steel production, environment and energy; light industry, e.g., food processing, petrochemicals, transportation and logistics, as well as public sectors such as the postal service and local authorities.

From design to after sales service PRECIA-MOLEN is able to provide total weighing solutions for all businesses having a presence in 42 countries, which includes 11 commercial subsidiaries and a wide network of selling agents. There are production sites in France, The Netherlands and India. The Group pursues an extensive research and innovation programme and has been granted an "Innovating Company" status by the French authority Oseo.

Precia Molen is listed on NYSE Euronext's C compartment in Paris (code ISIN FR0000060832 - Mnemo: PREC).
