*(duly licensed French specialised credit institution (établissement de crédit spécialisé)
€10,000,000,000 Euro Medium Term Note Programme for the issue of
obligations de financement de l'habitat*

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the Base Prospectus), La Banque Postale Home Loan SFH (the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue obligations de financement de l'habitat within the meaning of article L. 513-30, I of the Code monétaire et financier (the “**French Monetary and Financial Code**”), benefiting from the statutory privilège (priority right of payment) created by article L. 513-11 of the French Monetary and Financial Code (the “**Privilège**”), as more fully described herein (the Notes). No credit linked Notes will be issued under the Programme. Under the Programme, the Issuer may from time to time issue registered covered notes (*Gedekte Namensschuldverschreibungen*) governed by German law which are subject to terms and conditions not included in and not offered pursuant to this Base Prospectus (the “**N-Notes**”).

This Base Prospectus supersedes and replaces the Base Prospectus dated 2 August 2013 and shall be in force for a period of one year as of the date set out hereunder.

An application has been made to the Autorité des marchés financiers (the “**AMF**”) in France for approval of this Base Prospectus in its capacity as the competent authority pursuant to article 212-2 of its Règlement Général (the “**AMF General Regulations**”), which implements Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading, as amended pursuant to Directive 2010/73/EC of 24 November 2010 (to the extent that such amendments have been implemented in a Member State of the European Economic Area) (the “**Prospectus Directive**”).

An application may be made to Euronext Paris within a period of twelve (12) months after the date of the visa granted by the AMF on the Base Prospectus in order for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC of 21 April 2004 on markets in financial instruments, as amended from time to time (a “**Regulated Market**”). Notes issued under the Programme may also be unlisted or listed and admitted to trading on any other stock exchange, including any other Regulated Market in any Member State of the European Economic Area. The relevant final terms (a form of which is contained herein) in respect of the issue of any Notes (the “**Final Terms**”) will specify whether or not an application will be made for such Notes to be listed and admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and admitted to trading.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency. Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”) as more fully described herein.

Dematerialised Notes will at all times be in book-entry form in compliance with articles L. 211-3 et seq. of the French Monetary and Financial Code. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be (i) in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as the central depository) which shall credit the accounts of the Account Holders (as defined in the section entitled “Terms and Conditions of the Notes - Form, Denomination and Title”) including Euroclear Bank S.A./N.V. (“**Euroclear**”) and the depository bank for Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”), or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in the section entitled “Terms and Conditions of the Notes - Form, Denomination and Title”), in either fully registered form (*au nominatif pur*), in which case they will be either inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in relation to the Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes with, where applicable, coupons for interest or talons attached, on or after a date expected to be on or about the fortieth (40th) day after the issue date of the Notes (subject to postponement as described in the section entitled “Temporary Global Certificate in respect of Materialised Notes”) upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as more fully described herein) intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository for Euroclear and Clearstream, Luxembourg, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

Notes issued under the Programme are expected to be rated at issuance AAA by Standard & Poor's Rating Services (the “**Rating Agency**”). The rating of the Notes will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency without notice. As of the date of this Base Prospectus, the Rating Agency is established in the European Union and registered under Regulation (EC) No. 1060/2009, as amended (the “**CRA Regulation**”) and is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation.

This Base Prospectus and any document incorporated by reference therein will be available on the websites of the La Banque Postale (www.labanquepostale.fr) and the AMF (www.amf-france.org).

CONDITIONS ATTACHED TO THE CONSENT OF THE ISSUER TO USE THE PROSPECTUS

In the context of any offer of Notes in France and/or any jurisdiction of the European Union to which this Base Prospectus has been passported from time to time (the “**Public Offer Jurisdiction**”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “**Public Offer**”), the Issuer consents to the use of the Base Prospectus and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Public Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms by:

- (1) subject to conditions set out in the relevant Final Terms, any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms (in each case an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of the Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to

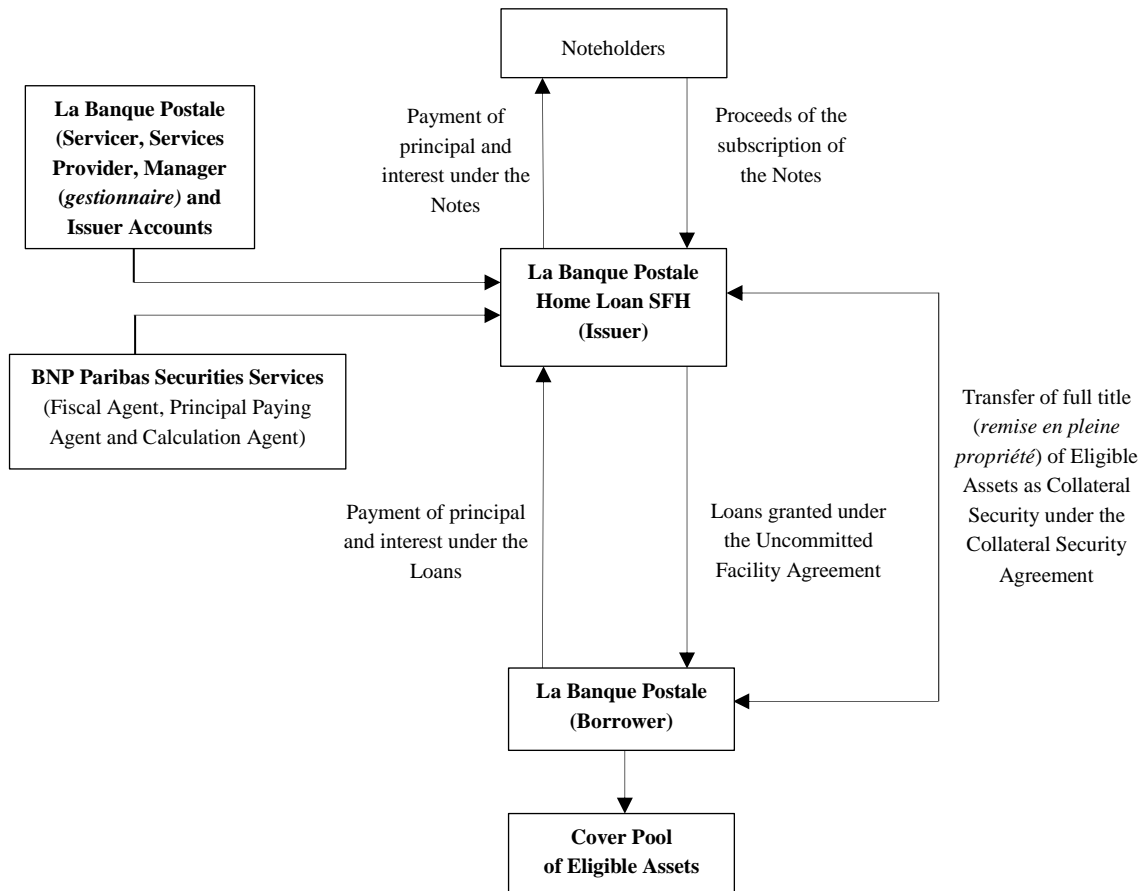

such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at www.labanquepostale.fr.

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the Offer Period, to publish on its website that it is using the Prospectus for the relevant Public Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “*Terms and Conditions of the Public Offer*”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the time of the Public Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme. However, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Investors must be aware that the list of factors set out below is not intended to be exhaustive and that other risks and uncertainties which, on the date of this Base Prospectus, are not known of by the Issuer, or are considered not to be relevant, may have a significant impact on the Issuer, its activities, its financial condition and the Notes. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and form their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Notes.

The Issuer considers that the Notes shall only be purchased by investors which are (or are advised by) financial institutions or other professional investors who have sufficient knowledge and experience to appropriately evaluate the risks associated with the Notes.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used below.

I RISK FACTORS RELATING TO THE ISSUER

Sole liability of the Issuer under the Notes

The Issuer is the only entity which has obligations to pay principal and interest in respect of the Notes. The Notes will not be obligations or responsibilities of any other entity, including (but not limited to) the Arranger, La Banque Postale (in any capacity) or any company within the La Banque Postale group, or the shareholders or directors or agents of any company in the same group of companies as any of them.

Reliance of the Issuer on third parties

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer. The ability of the Issuer to make payments under the Notes may be affected by the due performance of the other third parties involved in the Programme in relation to their payment and other obligations thereunder, including the performance by the Services Provider, the Calculation Agent, the Fiscal Agent, the Paying Agent or the Principal Paying Agent of their respective obligations. For services contracts entered into with La Banque Postale, see the section entitled “Relationship between La Banque Postale Home Loan SFH and La Banque Postale”.

Credit risk on bank counterparties

For the Issuer, bank counterparty risk is that of counterparties (i) in relation to hedging operations in respect of which it has entered into ISDA or FBF (*Fédération bancaire française*) master agreements, and (ii) in relation to the holding of the bank accounts of the Issuer.

The agreements to be entered into between the Issuer and the above counterparties will comply with the specific legal requirements applicable *to sociétés de financement de l'habitat*.

Conflicts of interests in respect of La Banque Postale

With respect to the Notes, conflicts of interest may arise during the life of the Programme as a result of various factors involving in particular La Banque Postale, its affiliates and the other parties named herein. For

example, such potential conflicts may arise because La Banque Postale acts in several capacities under the operating of the Issuer and the Programme (see the section entitled “Relationship between La Banque Postale Home Loan SFH and La Banque Postale”).

Even if their respective rights and obligations under the Programme are not conflicting and are independent from one another, in performing any such obligations in these different capacities under the Programme, La Banque Postale and/or such affiliates may be in a situation of conflict of interests. La Banque Postale and/or such affiliates will only have the duties and responsibilities expressly agreed to by such entity in the relevant capacity and will not, by virtue of its or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a duty of care other than as expressly provided in respect of each such capacity.

Also during the course of their business activities, the parties to the Programme and/or any of their respective affiliates may operate, service, acquire or sell properties, or finance loans secured by properties, which are in the same markets as the underlying home loans.

The Issuer relies on La Banque Postale and its successors for the provision of liquidity

The Issuer has entered into the Collateral Security Agreement with La Banque Postale, who has agreed to provide liquidity to the Issuer upon certain rating trigger events occurring (see the section entitled “Relationship between La Banque Postale Home Loan SFH and La Banque Postale”).

Failure of La Banque Postale to provide liquidity where required under the Collateral Security Agreement may adversely affect the Issuers' ability to perform its obligations under the Notes.

Insolvency and examinership laws in France could limit the ability of the Noteholders to enforce their rights under the Notes

The Issuer, as a *société anonyme*, is subject to French laws and proceedings affecting creditors, including conciliation proceedings (*procédure de conciliation*), safeguard proceedings (*procédure de sauvegarde*) and judicial reorganisation or liquidation proceedings (*procédure de redressement ou de liquidation judiciaires*).

The Issuer, as a regulated financial institution, is also subject to the provisions of Articles L. 613-25 *et seq.* of the French Monetary and Financial Code (*Code monétaire et financier*). These provisions include in particular specific rules on the opening of an insolvency proceeding against the Issuer, the involvement of the *Autorité de contrôle prudentiel et de résolution* (ACPR) in the event of bankruptcy of the Issuer, specific concepts of suspension of payment (*cessation des paiements*) for the Issuer and some specific rules of liquidation for the Issuer.

As a general principle, the above mentioned insolvency and reorganisation rules favour the continuation of a business and protection of employment over the payment of creditors.

However, the Issuer, as a *société de financement de l'habitat*, benefits from a regime which derogates in many ways from the French legal provisions relating to insolvency proceedings, in particular:

- in accordance with Article L. 513-18 of the French Monetary and Financial Code, the provisions of Article L. 632-2 of the French Commercial Code (*nullités facultatives de la période suspecte*) shall not apply to payments made by the Issuer in application of the Programme;
- the bankruptcy proceedings (*procédure de sauvegarde, de redressement ou de liquidation judiciaires*) of a shareholder of the Issuer cannot be extended to the Issuer;

- any service/loan agreement pursuant to which the Issuer has delegated to another credit institution the management or the recovery of loans, exposures, assimilated receivables, securities, instruments, bonds or other sources of financing may be immediately terminated upon the opening of bankruptcy proceedings (*procédure de sauvegarde, de redressement ou de liquidation judiciaires*) affecting that credit institution;

- in case of bankruptcy proceedings (*procédure de sauvegarde, de redressement ou de liquidation judiciaires*) or conciliation proceedings (*procédure de conciliation*) of the Issuer, all cash flows generated by the assets of the Issuer are allocated as a matter of absolute priority to servicing liabilities of the Issuer which benefit from the *Privilège* as they fall due, in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of the liabilities of the Issuer which benefit from the *Privilège*, no other creditors may take any action against the assets of the Issuer.

As a result of the operation of the legal framework applicable to the Issuer in the case of a bankruptcy or insolvency proceedings in respect of the Issuer, the ability of Noteholders to exercise their rights under the Notes may be limited.

Holders of the Notes may not declare the Notes immediately due and payable upon the Issuer filing for bankruptcy

Under the legal framework applicable to the Issuer, the opening of bankruptcy proceedings or of conciliation proceedings with respect to the Issuer will not give rise to the right on the part of the holders of the Notes to declare the Notes immediately due and payable since, pursuant to the terms of the French Monetary and Financial Code mentioned above, all cash flows generated by the assets of the Issuer are allocated as a matter of absolute priority to servicing liabilities of the Issuer which benefit from the *Privilège* as they fall due, in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of the liabilities of the Issuer which benefit from the *Privilège*, no other creditors may take any action against the assets of the Issuer.

Limited resources are available to the Issuer

The Issuer's ability to meet its obligations under the Notes will depend on the amount of scheduled principal and interest paid by La Banque Postale under the Uncommitted Facility Agreement and the timing thereof and/or, as applicable, the amounts received under any hedging agreement concluded in accordance with the hedging strategy of the Issuer and/or the revenue proceeds generated by the permitted investments of the Issuer.

EU Resolution and Recovery Directive

The European Commission has published proposals for a crisis management directive which is intended to enable a range of actions to be taken by relevant regulatory authorities in relation to credit institutions and investment firms which are considered to be at risk of failing. The full scope of the directive and its impact on the Issuer is currently unclear but the implementation of the directive or the taking of any action under it could materially affect the value of any Notes.

On 18 December 2013, the Council of the European Union published a near-final draft of the legislative proposal for a directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **RRD**) initially published by the European Commission on 10 June 2012. On 15 April 2014 the European Parliament adopted at first reading a legislative resolution on this proposal which must then be reviewed by the commission. The stated aim of the draft RRD is to provide resolution authorities with common tools and powers to address banking crises pre-emptively in

order to safeguard financial stability and minimise taxpayers' contributions to bank bail-outs and/or exposure to losses. The powers provided to authorities in the draft RRD are divided into three categories: (i) preparatory steps and plans to minimise the risks of potential problems (preparation and prevention); (ii) in the event of incipient problems, powers to arrest a firm's deteriorating situation at an early stage so as to avoid insolvency (early intervention); and (iii) if insolvency of a firm presents a concern as regards the general public interest, a clear means to reorganise or wind down the firm in an orderly fashion while preserving its critical functions and limiting to the maximum extent any exposure of taxpayers to losses.

The draft RRD currently contains four resolution tools and powers:

- *sale of business*: enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- *bridge institution*: enables resolution authorities to transfer all or part of the business of the firm to a "bridge bank" (a public controlled entity);
- *asset separation*: enables resolution authorities to transfer impaired or problem assets to an asset management vehicle to allow them to be managed and worked out over time; and
- *bail-in*: gives resolution authorities the power to write-down the claims of unsecured creditors of a failing institution and to convert debt claims to equity (subject to certain parameters as to which liabilities would be eligible for the bail-in tool). Potential investors in the Notes should consider the risk that a holder may lose all or a part of its investment, including the principal and any interests, if such or any similar statutory loss absorption measures are used.

The draft RRD currently contemplates that it will be implemented in Member States with effect from 1 January 2015, except for the bail in tool, which is contemplated to be implemented by 1 January 2016.

The powers currently set out in the draft RRD would impact how credit institutions and investment firms (those which are required to hold initial capital of €730,000 by the fourth Capital Requirements Directive (CRD)) are managed as well as, in certain circumstances, the rights of creditors. However, the proposed directive is not in final form and changes may be made to it in the course of the legislative process. In addition, certain proposals contained in the draft RRD are already included in the French Monetary and Financial Code and it is currently unclear to what extent, the provisions of the French Monetary and Financial Code will be amended once the draft RRD is implemented. For Member States participating in the Banking Union, the Single Resolution Mechanism fully harmonises the range of available tools but Member States are authorised to introduce additional tools at national level to deal with crises, as long as they are compatible with the resolution objectives and principles set out in the draft RRD.

In addition, the banking law dated 26 July 2013 regarding the separation and the regulation of banking activities (*loi de séparation et de régulation des activités bancaires*) (as modified by the ordonnance dated 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*)) that anticipates the implementation of the RRD, has entered into force in France.

It is not yet possible to assess the full impact of the draft RRD on the Issuer and there can be no assurance that, once it is implemented, the fact of its implementation or the taking of any actions currently contemplated in it would not adversely affect the rights of holders of Notes, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

II RISK FACTORS RELATING TO THE OPERATIONS OF THE ISSUER

Interest and currency risks

According to article 12 of the CRBF Regulation, the Issuer shall dispose of a system for measuring overall interest rate risks under the conditions set forth in article 28 of the Regulation 97-02 notwithstanding the provisions of article 29 of the same Regulation. The level of rate and maturity matching between the assets and the liabilities of the Issuer shall be verified by the Specific Controller.

The Issuer may use micro and macro-hedging instruments to hedge any interest rate and currency risks between its assets and liabilities, and in particular any interest rate and/or currency risks arising from the mismatches between (i) the amounts of principal and interest payable by the Issuer under the Notes, and (ii) its assets. For this purpose, the Issuer may enter into interest and/or currency hedging agreements with one or several hedging counterparties.

The replacement assets (*valeurs de remplacement*) are managed so as not to incur any currency risks.

Liquidity risk

In order to finance any temporary liquidity needs, the Issuer benefits from the ALM management tools and instruments provided to it by the laws and regulations applicable to *sociétés de financement de l'habitat* in order to fund temporary liquidity needs.

According to Article L. 513-30 of the French Monetary and Financial Code, the Issuer may at any time sell or liquidate certain assets or raise new short-term or medium-term funds in order to comply with its payment obligations under the Notes and raise other resources, whether or not they benefit from the *Privilège* (depending on whether their agreement or document designed to inform the public (within the meaning of article L. 412-1 of the French Monetary and Financial Code) or any equivalent document required for the admission to trading on foreign regulated markets, mentions the *Privilège* or not).

See section entitled “Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*” for the full list of these tools and instruments. Some of these tools and instruments allow the Issuer to temporarily use its assets as eligible collateral with the European Central Bank in accordance with the rules of the Eurosystem.

In any event, the Issuer is legally bound to ensure at any time adequate coverage of its liquidity needs for a 180 days period (see section entitled “Summary of the legislation and regulations relating to *sociétés de financement de l'habitat* - Liquidity coverage”), by any of the following means:

- (i) with replacement assets (*valeurs de remplacement*) complying with the provisions of articles R. 515-7 and R. 515-16 of the French Monetary and Financial Code; and
- (ii) with assets which are eligible for the credit operations of the *Banque de France* in accordance with the procedures and conditions set forth by the latter in the context of its monetary policy and intraday credit operations.

In any case, if the Issuer is not able to cover its liquidity needs with any of the tools and instruments described above, the Issuer would be allowed to subscribe for its own *obligations de financement de l'habitat*, within the limit of ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription, for the sole purpose of pledging them (*affecter en garantie*) as collateral security in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the provisions of article L. 513-26 of the French Monetary and Financial Code (See “Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*”).

Operating risks

The Issuer having no human resources, its technical administration has been subcontracted to its parent, La Banque Postale (see the section entitled “Relationship between La Banque Postale Home Loan SFH and La Banque Postale”). The security of the La Banque Postale group’s information systems is managed within La Banque Postale. A security policy has been defined, including directives and operating procedures broken down by risk sector: physical security, security of system access control, security of data bases and applications, and security of continued operations.

III RISK FACTORS RELATING TO THE ASSETS OF THE ISSUER

Credit risk on the assets of the Issuer generally

The Issuer’s sole business activity is to grant or refinance home loans (*prêts à l’habitat*) and to hold securities under the terms and conditions set out in the French Monetary and Financial Code.

The ability of the Issuer to make payments under the Notes depends of its assets which consist (i) initially in the Loans granted to the Borrower under the Uncommitted Facility Agreement and (ii) following the occurrence of an event of default of the Borrower under the Uncommitted Facility Agreement, in the home loans and replacement assets (*valeurs de remplacement*) transferred (*remis en pleine propriété*) as Collateral Security under the Collateral Security Agreement.

Therefore, the Issuer is exposed directly or indirectly to the credit risk of such home loans and replacement assets (*valeurs de remplacement*).

Credit risk on assets is overseen by the Financial Risk Direction department of La Banque Postale, which analyses risks applying group-wide methods. This unit produces an internal rating and sets a commitment ceiling.

Moreover, such risk on assets is mitigated by the fact that the assets of the Issuer are to be selected so as to comply with the legal eligibility criteria and other rules contained in the legal framework relating to *sociétés de financement de l’habitat* as further described hereinafter.

Eligibility criteria

The home loans must comply with the legal eligibility criteria provided for in Article L. 513-29 of the French Monetary and Financial Code. For further descriptions, see the section entitled “Summary of the legislation and regulations relating to *sociétés de financement de l’habitat*”.

In addition to the legal eligibility criteria, the Collateral Security Agreement will provide that the relevant home loans to be transferred (*remis en pleine propriété*) as Collateral Security pursuant to the provisions of Article L. 211-38 of the French Monetary and Financial Code shall comply with article 129 of the Regulation of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms (Capital Requirement Regulations) and with additional contractual eligibility criteria to be agreed with La Banque Postale.

The vast majority of these assets comes from the commercial financing activities of La Banque Postale group entities. Their legal eligibility to the assets of the Issuer is verified by the Specific Controller of the Issuer who reports to the *Autorité de contrôle prudentiel et de résolution* (See the section entitled “Summary of the legislation and regulations relating to *sociétés de financement de l’habitat*”).

In addition, according to Articles L. 513-7, R. 515-7 and R. 515-16 of the French Monetary and Financial Code, the Issuer may also hold securities, instruments and deposits which are sufficiently secure and liquid, as replacement assets (*valeurs de remplacement*) which comprise exposures on credit institutions or investment

firms benefiting from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the *Autorité de contrôle prudentiel et de résolution* pursuant to Article L.511-44 of the French Monetary and Financial Code or guaranteed by credit institutions or investment firms benefiting of the same level of credit assessment (*échelon de qualité de crédit*), or, if such securities, instruments or deposits have a maturity of less than 100 days, exposures on or guaranteed by credit institutions or investment companies of a Member State of the European Union or the European Economic Area benefiting from the second highest level of credit quality (*second meilleur échelon de qualité de crédit*) as well as debt securities issued or fully guaranteed by public sector entities as referred to in paragraphs 1 to 5 of Article L. 513-4 of the French Monetary and Financial Code.

The total amount of such replacement assets (*valeurs de remplacement*) shall not exceed fifteen per cent. (15%) of the nominal amount of the *obligations de financement de l'habitat* and other resources benefiting from the *Privilège* as described in the section entitled “Summary of the legislation and regulations relating to *sociétés de financement de l'habitat - Privilège* and liabilities”.

Pursuant to article 13 of Regulation n°99-10 of 9 July 1999 of the *Comité de la réglementation bancaire et financière* relating to the *sociétés de crédit foncier* and to the *sociétés de financement de l'habitat* as amended on 26 June 2001, 15 July 2002, 7 May 2007 and 23 February 2011 (the “CRBF Regulation”), the Issuer must send to the French *Autorité de contrôle prudentiel et de résolution* no later than on 10 June of each year information relating to the quality of its assets. This report is published within 45 days of a general meeting approving the Issuer’s financial statements of the year then ended. In particular, the characteristics, details of the distribution of loans, exposures and guarantees, the total of any unpaid amounts, the distribution of debts by amount and by category of debtors, the proportion of early repayments, and the level and sensitivity of the position of rates are required to be included as part of the latter report.

In addition, according to Article L. 513-9 of the French Monetary and Financial Code and article 13 bis of the CRBF Regulation, the Issuer must publish every quarter a report containing the same information relating to the quality of its assets. Such report is available for viewing on the website of La Banque Postale (www.labanquepostale.fr).

Financing limitation by privileged debts

Even if they comply with all the legal eligibility criteria set out by the French legal framework applicable to *sociétés de financement de l'habitat*, home loans may only be financed by the issuance of *obligations de financement de l'habitat* (such as the Notes) and other debt benefiting from the *Privilège* up to a maximum limit determined by the law. See “Summary of the legislation and regulations relating to *sociétés de financement de l'habitat* – Financing portion (*quotité de financement*)”.

Cover ratio between assets and privileged debts

According to Articles L. 513-12 and R. 515-7-2 of the French Monetary and Financial Code, *sociétés de financement de l'habitat* must at all times maintain a cover ratio of at least 105 per cent. of the total amount of their liabilities which benefit from the *Privilège* by the total amount of their assets, including the replacement assets (*valeurs de remplacement*). For the calculation of this cover ratio, when the assets comprise receivables secured by collateral assets pursuant to Articles L.211-36 to L. 211-40, L. 313-23 to L. 313-35 and L. 313-42 to L. 313-49 of the French Monetary and Financial Code, which are not replacement assets (*valeurs de remplacement*), the *sociétés de financement de l'habitat* must take into account the assets received as collateral rather than the secured receivables.

Calculation of this cover ratio is set out in the CRBF Regulation pursuant to which the ratio’s denominator (article 8 of the CRBF Regulation) is composed of *obligations de financement de l'habitat* and other

resources benefiting from the *Privilège*, and the ratio's numerator (article 9 of the CRBF Regulation) is composed of all the assets at their risks weighted amount as such amount is determined in CRBF Regulation.

Pursuant to Article R. 515-7-2 of the French Monetary and Financial Code, the Issuer must be in constant compliance with the conditions of the above cover ratio. The Specific Controller (as described in the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*") has access to information that allows confirmation of each issue's compliance with the cover ratio. This cover ratio is published twice a year and checked on a quarterly basis and for each issue whose amount is greater than Euro 500 million, by the Specific Controller (for more details on the cover ratio, see section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat* - Cover ratio").

IV RISK FACTORS RELATING TO THE COLLATERAL SECURITY

No interpretation by French courts of rules applicable to Collateral Security

The Collateral Security will be granted by La Banque Postale, and, as the case may be, enforced by the Issuer, in accordance with the provisions of Articles L.211-38 *et seq.* of the French Monetary and Financial Code, being the applicable rules of French law implementing directive 2002/47/EC of the European Parliament and of the Council of 6 June 2002 on financial collateral arrangements, which has been amended by Directive 2009/44/EC of the 6 May 2009 (the "**Collateral Directive**").

It should be noted that French courts have not yet had the opportunity to interpret Articles L.211-38 *et seq.* of the French Monetary and Financial Code.

Impact of the hardening period on the Collateral Security

Article L.211-40 of the French Monetary and Financial Code states that the provisions of book VI of the French Commercial Code (pertaining to insolvency proceedings as a matter of French law) shall not impede ("*ne font pas obstacle*") the application of Articles L.211-36 *et seq.* of the French Monetary and Financial Code. This provision should lead to the conclusion that the rules pertaining to the nullity of acts concluded during the hardening period (*période suspecte*) (as provided for in articles L.632-1 and L.632-2 of the French Commercial Code) will not apply in respect of guarantees governed by article L. 211-38 of the French Monetary and Financial Code.

The hardening period (*période suspecte*) is a period of time the duration of which is determined by the bankruptcy judge upon the judgement recognising that the cessation of payments (*cessation des paiements*) of the insolvent company has occurred. The hardening period commences on the date of such judgement and extends for up to eighteen (18) months previous to the date of such judgement.

Given the provisions of the Collateral Directive, it is reasonable to consider that Article L.211-40 of the French Monetary and Financial Code will exclude application of article L.632-1-6° of French Commercial Code, which provides for an automatic nullity of security interest granted during the hardening period to secure past obligations of a debtor and, therefore, that the Collateral Security, which is governed by Articles L.211-38 *et seq.* of the French Monetary and Financial Code, would not be avoided on the basis of said article L. 632-1-6° of the French Commercial Code.

However, it cannot be excluded that article L. 211-40 of the French Monetary and Financial Code does not intend to overrule article L.632-2 of the French Commercial Code, which provides for a potential nullity of acts which are onerous (*actes à titre onéreux*) if the counterparty of the debtor was aware, at the time of conclusion of such acts, that the debtor was unable to pay its debts due with its available funds (*en état de cessation des paiements*). Should article L.632-2 of the French Commercial Code be deemed applicable,

nullity of the Collateral Security could be sought, if the Issuer was aware, at the time where the Collateral Security was granted (or the subject of an addition or a substitution), that La Banque Postale was unable to pay its debt due with its available funds (*en état de cessation des paiements*). However, within the French legal framework applicable to *sociétés de financement de l'habitat*, Article L. 513-18 of the French Monetary and Financial Code provides that the provisions of Article L. 632-2 of the French Commercial Code are not applicable to contracts concluded by a *société de financement de l'habitat*, or to legal transactions made by or in favour of *société de financement de l'habitat*, as far as such contracts or transactions are directly related to the transactions referred to in Articles L. 513-28 to L. 513-30 of the French Monetary and Financial Code.

No prior notification to debtors under the Home Loans granted as Collateral Security

The Collateral Security Agreement will provide that the relevant home loans will be transferred (*remis en pleine propriété*) as Collateral Security pursuant to the provisions of Article L. 211-38 of the French Monetary and Financial Code, without notification or information of the debtors under such home loans. Such debtors will only be notified in case of enforcement of the Collateral Security by the Issuer. As long as no such notification has taken place, any payments made by the debtors under the relevant home loans will continue to be validly made by such debtors to La Banque Postale.

Each debtor may further raise defences (which may include, as applicable, any set-off right) against the Issuer arising from such debtor's relationship with La Banque Postale to the extent that such defences (i) are existing prior to the notification of the transfer of the relevant home loan or (ii) arise out of mutual claims (*compensation de créances connexes*) between the debtor and La Banque Postale which are closely connected with that home loan (irrespective of whether such notification has been made before or after such claims have arisen).

There is no guarantee that the notification to the debtors will be made at the times required and there can be no guarantee or assurance as to the ability of the Issuer to obtain effective direct payment from the debtors in a sufficient timely manner, which may affect payments under the Notes. In this situation, a shortfall in distributions of interest to Noteholders may result.

Until notification to the debtors has been made and provided that, at such time, an insolvency proceeding has been opened against La Banque Postale, French insolvency law will prevent the Issuer from recovering from La Banque Postale any collections received by it under the relevant home loans which are commingled with other funds of La Banque Postale.

However, these risks are mitigated by the funding of a cash reserve by La Banque Postale upon certain downgrade event (see section entitled "Relationship between La Banque Postale Home Loan SFH and La Banque Postale").

Maintenance of value of the Collateral Security prior to enforcement

Under the Collateral Security Agreement, for so long as no event of default under the Uncommitted Facility Agreement has occurred and the Collateral Security has not been enforced, La Banque Postale will be required to perform regularly an asset cover test (the "Asset Cover Test") in order to ensure that the value of the eligible assets granted as Collateral Security is at least equal to the minimum legal percentage set out in Article R. 515-7-2 of the French Monetary and Financial Code plus a contractual buffer percentage of the aggregate outstanding amount of the Loans made available under the Uncommitted Facility Agreement (the "Asset Cover Ratio").

Failure to maintain compliance with such Asset Cover Ratio may result in the Issuer having insufficient funds to meet its obligations under the Notes.

Disproportionate guarantee

Pursuant to article L. 650-1 of the French Commercial Code, a creditor may be held liable towards a bankrupt debtor if the credit granted by it to such debtor entailed a damage and the security interest securing such credit is disproportionate (*disproportionné*) compared to that credit. In such case, such security interest may be void or reduced by the judge. However, there is few French case law interpreting and implementing the provisions of Article L.650-1 of the French Commercial Code, so that there is an uncertainty as to whether the provisions of Article L.650-1 of the French Commercial Code would apply to the Collateral Security. Moreover, Article L.211-40 of the French Monetary and Financial Code expressly provides that the provisions of book VI of the French Commercial Code shall not impede (*ne font pas obstacle*) the application of Articles L.211-36 *et seq.* of the French Monetary and Financial Code.

Home loans debtors' ability to pay under the home loans

The home loans debtors are individuals. The purpose of the home loans is the financing of a real estate property.

If following enforcement of the Collateral Security, the Issuer does not receive the full amount due from the home loan debtors in respect of such home loans, this may affect the ability of the Issuer to make payments under the Notes.

The Issuer may therefore be exposed to the occurrence of credit risk in relation to the home loan debtors.

None of the Borrower under the Uncommitted Facility Agreement, the Issuer or any other party to the Programme does guarantee or warrant full and timely payment by the home loan debtors of any sums payable under such home loans.

The ability of the home loan debtors to make timely payment of amounts due under such home loans will mainly depend on their assets and its liabilities as well as their ability to generate sufficient income to make payments under the relevant home loans. Their ability to generate income may be adversely affected by a large number of factors, some of which (i) relate specifically to the home loan debtor itself (including but not limited to their age and health, employment situation, family situation, creditworthiness or expropriation) or (ii) are more general in nature (such as changes in governmental regulations, fiscal policy, etc.).

Furthermore, home loan debtors may benefit from the favorable legal and statutory provisions of the French Consumer Code, pursuant to which any individual may, under certain circumstances, and subject to certain conditions, request and obtain from the competent court a grace period, a reduction of the amount of all and any of its indebtedness and any interest relating thereto and, as the case may be, a full or partial extinguishment of its indebtedness against a credit institution (*établissement de crédit*).

Enforcement of home loan guarantees

If following enforcement of the Collateral Security in favour of the Issuer and then notification of the home loan debtors and then enforcement of its rights by the Issuer under the relevant home loan guarantee against the home loan guarantor, the later does not pay in whole or in part any amounts due under the relevant home loan guarantee for whatever reason or does not pay such amounts in a timely manner, this may affect the ability of the Issuer to make payments under the Notes.

V RISK FACTORS RELATING TO THE NOTES

A. General risks related to the Notes

Set out below is a brief description of certain risks relating to the Notes generally:

Independent review and advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer, the Arranger or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Assessment of investment suitability

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (c) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus and the relevant Final Terms;
- (d) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (e) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (f) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (g) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio. Some Notes which are complex financial instruments may be redeemable at an amount below par in which case investors may lose the value of part or their entire investment.

Potential Conflicts of Interest

The Issuer, the Dealers or their respective affiliates may from time to time advise the issuers or obligors in respect of reference assets regarding transactions to be entered into by them, or engage in transactions involving reference assets for their proprietary accounts and for other accounts under their management. Any such transaction may have a positive or negative effect on the value of such reference assets and therefore on the value of any Notes to which they relate. Accordingly, certain conflicts of interest may arise both among

the Issuer, the Dealers or their affiliates and between the interests of the Issuer, the Dealers or their affiliates and the interests of holders of Notes.

Potential conflicts of interest may also arise between the Calculation Agent, if any, for a Tranche and the Noteholders, including with respect to certain discretionary determinations and judgments that such Calculation Agent may make, pursuant to the Terms and Conditions, that may influence the amount receivable upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification of the Conditions

The Terms and Conditions contain provision for calling General Meetings of Noteholders to consider matters affecting their interest generally. The Terms and Conditions permit, in certain cases, defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. The General Meeting may deliberate on any proposal relating to the modification of the Conditions, including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 10.

Change of law

The Terms and Conditions of the Notes are based on French law in force as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice after the date of this Base Prospectus.

Impact of regulatory changes

The Issuer is subject to financial services laws, regulations, administrative actions and policies in each jurisdiction in which it carries on business. Changes in supervision and regulation, in particular in France, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually monitors its environment, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

No legal and tax advice

Each prospective investor should consult its own advisers as to legal, tax and related aspects investment in the Notes. A Noteholder's effective yield on the Notes may be diminished by the tax on that Noteholder of its investment in the Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country to where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes, such as the current Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but rather to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in any relevant Supplement.

Withholding Taxes - No gross-up obligation

If any law should require that any payments in respect of any Notes be subject to deduction or withholding in respect of any taxes or duties whatsoever, the Issuer will not pay any additional amounts. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Couponholders.

EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the “**Savings Directive**”). The Savings Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to an individual resident in that other Member State, except that, for a transitional period, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise and authorises the paying agent to disclose the above information. The rate of this withholding tax is currently 35% (see section entitled “Taxation – EU Savings Directive”).

On 24 March 2014, the Council of the European Union adopted an EU Council Directive, published on 15 April 2014 in the Official Journal of the European Union, amending and broadening the scope of the Savings Directive (the “**Amending Directive**”). In particular, the changes expand the range of payments covered by the Savings Directive to include certain additional types of income, and widen the range of recipients payments to whom are covered by the Savings Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

If a payment were to be made or collected through a Member State which has opted for a withholding system and tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax pursuant to the Savings Directive or the Amending Directive.

The Issuer is required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive or the Amending Directive.

The proposed financial transactions tax

The European Commission has published a proposal for a Directive for a common financial transaction tax (the “FTT”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia.

The proposed FTT has very broad, potentially extraterritorial scope. It would apply to financial transactions where at least one party is a financial institution, and (a) one party is established in a participating Member State or (b) the financial instrument which is subject to the transaction is issued in a participating Member State. A financial institution in the meaning of the proposal for a Directive for a FTT encompasses a wide range of entities, including certain credit institutions but also, *inter alia*, certain regulated markets, UCITS, AIF, securitisation vehicles and individuals. A financial institution may be, or be deemed to be, “established” in a Member State in a broad range of circumstances.

The Issuer is incorporated in France and therefore financial institutions worldwide would be subject to the FTT when dealing in the Notes.

In relation to many secondary market transactions in bonds and shares, the FTT would be charged at a minimum rate of 0.1 per cent. on each financial institution which is party to the transaction. The issuance and subscription of the Notes should, however, be exempt. There are no broad exemptions for financial intermediaries or market makers. Therefore, the effective cumulative rate applicable to some dealings in bonds or shares (for instance, cleared transactions) could be greatly in excess of 0.1 per cent.

A person transacting with a financial institution which fails to account for FTT would be jointly and severally liable for that tax.

The FTT proposal remains subject to negotiation between the Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. If the proposed directive or any similar tax is adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished. Additional Member States may decide to participate. Prospective holders of the Notes are strongly advised to seek their own professional advice in relation to the FTT.

U.S. Foreign Account Tax Compliance Act Withholding

The Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of payments made after December 31, 2016 in respect of (i) Notes treated as debt for U.S. federal income tax purposes and issued after the date that is six months after the date on which final regulations that define “foreign passthru payments” are issued, or are materially modified from that date, and (ii) any Notes treated as equity for U.S. federal income tax purposes, whenever issued, pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (“FATCA”) or similar law implementing an intergovernmental approach to FATCA.

If the Notes are treated as debt for U.S. federal income tax purposes and are issued on or before the date that is six months after the date on which final regulations that define “foreign passthru payments” are published, they should be “grandfathered” and FATCA withholding would not be required with respect to interest, principal or other payments on the Notes or the proceeds of sale of the Notes unless the Notes are materially modified after that date.

If the Notes are not grandfathered or are equity for U.S. federal income tax purposes, the 30 per cent. withholding tax may be required if the Issuer, which will be a foreign financial institution (“FFI”) (as defined in FATCA) or any of the non-U.S. financial institutions through which payments are made enters into and complies with an agreement with the U.S. Internal Revenue Service (or an equivalent arrangement provided for under a law implementing an intergovernmental approach to FATCA) to provide certain information on its account holders (making the Issuer and any such non-U.S. financial institutions a “Participating FFI” within the meaning of FATCA), and (i) the Issuer has a positive “passthru payment percentage” (as determined under FATCA), and (ii) (a) an investor does not provide information sufficient for the relevant Participating FFI to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States Account” of the Issuer, (b) an investor does not consent, where necessary, to have its information disclosed to the IRS, or (c) any FFI that is an investor, or through which payments on the Notes are made, is not a Participating FFI.

It is not clear if or when regulations defining “foreign passthru payments” might be issued nor the requirements that might be set out in such regulations. Furthermore, France is reportedly in the final stages of negotiating an intergovernmental agreement with the United States, and it is not yet certain how the United States and France will address withholding by FFIs on “foreign passthru payments”, or if such withholding will be required at all.

If an amount in respect of FATCA or as required under an intergovernmental approach to FATCA were to be deducted or withheld from interest, principal, or other payments on the Notes, none of the Issuer, the Paying Agents or any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts or otherwise indemnify a Noteholder as a result of the deduction or withholding of such tax and Noteholders might receive less interest or principal than expected.

The application of FATCA to Notes issued or materially modified after the date that is six months after the date on which the relevant final regulations are filed (or whenever issued, in the case of Notes treated as equity for U.S. federal income tax purposes) may be addressed in the relevant Final Terms or in a supplement to this Base Prospectus, as applicable.

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE ISSUER, THE NOTES, AND THE NOTEHOLDERS IS UNCERTAIN AT THIS TIME. THE ABOVE DESCRIPTION IS BASED IN PART ON REGULATIONS AND OFFICIAL GUIDANCE THAT IS SUBJECT TO CHANGE. FURTHERMORE, WHILE FRANCE HAS ANNOUNCED ITS INTENTION TO DEVELOP AN INTERGOVERNMENTAL APPROACH TO FATCA, THE PARTICULARS OF THEIR APPROACH ARE NOT FULLY KNOWN AND COULD AFFECT THE WAY IN WHICH FATCA MIGHT APPLY TO THIS TRANSACTION, THE ISSUER, THE NOTES AND THE HOLDERS. EACH POTENTIAL NOTEHOLDER SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT EACH NOTEHOLDER IN ITS PARTICULAR CIRCUMSTANCE.

Implementation of Basel II and Basel III Risk-Weighted Asset Framework

In June 1999, the Basel Committee on Banking Supervision (the “Basel Committee”) issued proposals for the reform of the 1988 Basel Capital Accord and proposed a new capital adequacy framework which would place enhanced emphasis on risk sensitivity and market discipline. On 26 June 2004, the Basel Committee published a new Capital Accord under the title “Basel II International Convergence of Capital Measurement and Capital Standards: a Revised Framework” (“Basel II”), an updated version of which was published in November 2005. Basel II was implemented under EU legislation by virtue of the directives no. 2006/48 of the European Parliament and of the Council relating to the taking up and pursuit of the business of credit institutions and no. 2006/49 on the capital adequacy of investment firms and credit institutions both dated 14 June 2006 as recently amended by the Directives 2009/27/EC, 2009/83/EC and 2009/111/EC (the “**Capital Requirements Directives**”, as amended from time to time). In France, the provisions of the Capital Requirements Directives providing for a new solvency ratio were implemented in particular under the *arrêté* dated 20 February 2007 relating to the capital requirements applicable to the credit institutions and the investment firms (as amended) and the *ordonnance* no. 2007-571 dated 19 April 2007 relating to the credit institutions, the investment firms and *sociétés de crédit foncier*. Please note also that the *arrêté* dated 25 August 2010 transposing the Capital Requirements Directives, which has entered into effect on 31 December 2010, has amended the French prudential control requirements applicable to credit institutions and investment firms.

It also should be noted that on December 17, 2009, the Basel Committee has published for consultation a package of proposals for new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. On December 16, 2010 and January 13, 2011, the Basel Committee has approved significant changes to Basel II (“**Basel III**”), including new capital and liquidity standards for credit institutions. Those measures are expected to be implemented by relevant authorities starting from January 1, 2013 with full implementation on January 1, 2019, although certain supervisory authorities have already announced their intention to require an earlier application.

In particular, the changes introduced by Basel III refer to, amongst other things:

- a complete review of the capital standards;
- the introduction of a leverage ratio; and
- the introduction of short-term and longer-term standards for funding liquidity (referred to as the “**Liquidity Coverage Ratio**” and the “**Net Stable Funding Ratio**”).

The European authorities have indicated that they support the work of the Basel Committee on the approved changes in general. Those changes were implemented on a European level through the Directive 2013/36/EU of the European Parliament and the Council of 26 June 2013 (the “**Directive CRD IV**”) and the Regulation (EU) No 575/2013 of the European Parliament and the Council of 26 June 2013 (the “**Capital Requirement Regulation**”). The Directive CRD IV and the Capital Requirement Regulation were published in the *Official Journal* on 27 June 2013. Member States must transpose the Directive CRD IV into national law by 31 December 2013 (except for certain provisions detailed within Article 162). The Capital Requirement Regulation enters into force on 28 June 2013, and applies from 1 January 2014, with the exception of the provisions listed in Article 521. With effect from 1 January 2014, the current Capital Requirements Directives will be repealed.

The implementation of the Directive CRD IV and the Capital Requirement Regulation will bring about a number of substantial changes to the current capital requirements, prudential oversight and risk- management systems applicable to credit institutions, including those of the Issuer. The direction and the magnitude of the impact of the Directive CRD IV and the Capital Requirement Regulation will depend on the particular asset structure of each credit institution and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the new guidelines resulting from the Directive CRD IV and the Capital Requirement Regulation.

In addition, the implementation of the Directive CRD IV and the Capital Requirement Regulation could affect the risk weighting of the Notes in respect of certain investors to the extent that those investors are subject to the new guidelines resulting from the implementation of the Directive CRD IV and the Capital Requirement Regulation. Accordingly, recipients of this Base Prospectus should consult their own advisers as to the consequences and effects the implementation of the Directive CRD IV and the Capital Requirement Regulation could have on them.

Forecasts and estimates

Estimates of the weighted average lives of the Notes contained in this Base Prospectus, together with any other projections, forecasts and estimates in this Base Prospectus are forward-looking statements. Such projections are speculative in nature and it can be expected that some or all of the assumptions underlying the projections will not prove to be wholly correct or will vary from actual results. Consequently, the actual results might differ from the projections and such differences might be significant.

Ratings of the Notes

The rating assigned to the Notes by the Rating Agency is based, among other things, on the credit quality of the assets refinanced and the other relevant structural and credit enhancement features provided for under the Programme, including, among other things, the short-term and/or long-term unsecured, unguaranteed and unsubordinated debt ratings (with respect to Standard & Poor’s Rating Services) of the parties involved in the Programme, and reflect only the views of the Rating Agency. The rating addresses the likelihood of full and timely receipt by any of the relevant Noteholders of interest on the Notes and the likelihood of receipt by any relevant Noteholder of principal of the Notes by the relevant Maturity Date or Extended Maturity Date, as the case may be. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agency as a result of changes in or

unavailability of information or if, in the judgement of the Rating Agency, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon both the value of the Notes or their marketability in secondary market transactions.

The Rating Agency will be notified of the exercise of certain discretions exercised by or on behalf of the Issuer under the Programme documents. However, the Rating Agency is under no obligation to revert to the Issuer (or any of its agents) regarding the impact of the exercise of such discretion on the rating of the Notes and any decision as to whether or not to confirm, downgrade, withdraw or qualify the rating of all classes or any class of Notes based on such notification may be made at the sole discretion of the Rating Agency at any time, including after the relevant action has been taken.

B. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of the Notes is likely to limit their market value. During any period when the Issuer may elect to redeem the Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor would not generally be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed, and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

Floating Rate Notes

The interest rate of Notes which bear interest at a floating rate is comprised of (i) a reference rate, and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate. The market values of such Notes are typically more volatile than the market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which can/would further adversely affect the market value of these Notes.

Fixed to Floating Rate Notes

Fixed to Floating Rate Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The conversion (whether automatic or optional) will affect the secondary market and the market value of such Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate may at any time be lower than the rates on other Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes with soft bullet maturity may be redeemed after their initial maturity

If so provided in the relevant Final Terms, the Maturity Date of the Notes may be extended automatically to the Extended Maturity Date (as specified in the applicable Final Terms).

The payment of the Final Redemption Amount may be automatically deferred and shall become due and payable on the Extended Maturity Date if so specified in the relevant Final Terms, provided that the Final Redemption Amount unpaid on the Maturity Date may be paid by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the relevant Extended Maturity Date.

Interest will continue to accrue on any unpaid amount during such extended period at the Rate of Interest specified in the relevant Final Terms and be payable on each Specified Interest Payment Date and on the Extended Maturity Date, all as specified in the relevant Final Terms and in accordance with the applicable Conditions.

There is no assurance that the situation of the Issuer will not change between the initial Maturity Date and the Extended Maturity Date.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, the market interest and yield rates and the time remaining to the Maturity Date or Extended Maturity Date, as the case may be.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that

will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, that are designed for specific investment objectives or strategies or that have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to certain of the Notes which may be issued hereunder. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the Notes. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Although applications have been made for the Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's

Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes, and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors can be subject to legal investment laws and regulations and/or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing, and (3) other restrictions that could apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the

jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

C. Risks related to N-Notes

Issuance of N Notes under the Programme

Under the Programme, the Issuer may from time to time issue German law registered covered notes (“N-Notes”) in the form of *Gedekte Namensschuldverschreibungen*. The N-Notes will be subject to the terms and conditions which may be agreed with the Issuer at the time of their issuance. However, the issuance of N-Notes is subject to compliance with the Agency Agreement attached to which is a form of terms and conditions of the N-Notes. The issuance of N-Notes is also subject to the Privilège (see “Summary of the legislation and regulations *to sociétés de financement de l’habitat*”). The Noteholders should note that all Notes and N-Notes will rank *pari passu* among themselves and that, as a result, the proceeds of the assets benefiting from the Privilège will be applied to the satisfaction of amounts due and payable to all Noteholders (including the holders of N-Notes) on a *pro rata* basis.

The receivables and securities so refinanced are not taken into account for the purpose of determining the cover ratio of the resources benefiting from the *Privilège*.

Financing portion (*quotité de financement*)

Pursuant to Article R. 515-2 of the French Monetary and Financial Code to which Article R. 515-15 of the same code expressly refers, the Issuer may only finance the home loans through issuance of *obligations de financement de l'habitat* or other resources benefiting from the *Privilège* up to the lowest of the following amounts:

- the principal outstanding amount of the home loan;
- the product of (i) the value of the financed real estate by guaranteed home loans or of the charged residential real estate for mortgage home loan and (ii) the applicable “financing portion” (*quotité de financement*) referred to in Article R. 515-2 of the French Monetary and Financial Code (which in respect of certain home loans is 80%).

Pursuant to Article R. 515-4 of the French Monetary and Financial Code to which Article R. 515-15 of the same code expressly refers, the Issuer may only finance the Asset-Backed Securities through issuance of *obligations de financement de l'habitat* or other resources benefiting from the *Privilege* up to the lowest of the following amounts:

- the outstanding principal amount of such Asset-Backed Securities;

This product shall be increased by the liquidities of the securitisation

vehicle as defined in Article R. 214-220 of the French Monetary and Financial Code (*Code monétaire et financier*).

These amounts are those as of the date of the launch of the securitization vehicle, as of the date of any subsequent reloading or as of the date of the Asset-Backed Securities entering in the assets of the Issuer.

Cover ratio

Sociétés de financement de l'habitat must at all times maintain a cover ratio between their assets and their liabilities benefiting from the *Privilège*. According to Articles L. 513-12 and R. 515-7-2 of the French Monetary and Financial Code, *sociétés de financement de l'habitat* must at all times maintain a cover ratio of at least 105 per cent. of the total amount of their liabilities which benefit from the *Privilège* by the total amount of their assets, including the replacement assets (*valeurs de remplacement*). For the calculation of this cover ratio, when the assets comprise receivables secured by collateral assets pursuant to Articles L. 211-36 to L. 211-40, L. 313-23 to L. 313-35 and L. 313-42 to L. 313-49 of the French Monetary and Financial Code, which are not replacement assets (*valeurs de remplacement*), the *sociétés de financement de l'habitat* must take into account the assets received as collateral rather than the secured receivables.

Sociétés de financement de l'habitat must appoint a Specific Controller (*contrôleur spécifique*) with the approval of the *Autorité de contrôle prudentiel et de résolution* whose task is to ensure that the cover ratio is complied with at all times. In particular, the Specific Controller must certify that the cover ratio is satisfied in connection with (i) the *société de financement de l'habitat*'s quarterly programme of issues benefiting from the *Privilège* and (ii) any specific issue also benefiting from the *Privilège* whose amount is greater than Euro 500 million. The Specific Controller must verify the quality of the assets, the process of yearly revaluation and the quality of the asset liability management. The Specific Controller (as further described in the paragraph entitled "Specific Controller" below) has access to information that allows confirmation of each issue's compliance with the cover ratio. This cover ratio is published twice a year.

Liquidity coverage

In accordance with Article R.515-7-1 of the French Monetary and Financial Code, a *société de financement de l'habitat* must ensure at any time the funding of its liquidity needs over a period of 180 days, taking into account the provisional fund flows arising from the principal and interest amounts over its assets and the net flows relating to the forward financial instruments (*instruments financiers à terme*) referred to in Article L. 513-10 of the French Monetary and Financial Code. The needs in cash are covered with replacement assets (*valeurs de remplacement*) complying with the provisions of articles R. 515-7 and R. 515-16 of the French Monetary and Financial Code and assets which are eligible for the credit operations of the *Banque de France* in accordance with the procedures and conditions set forth by the latter in the context of its monetary policy and intraday credit operations.

In the case where the assets of the *société de financement de l'habitat* are composed of receivables guaranteed by collateral assets in accordance with Articles L. 211-36 to L. 211-40, L. 313-23 to L. 313-35, and L. 313-42 à L. 313-49 of the French Monetary and Financial Code, if these assets are not replacement assets (*valeurs de remplacement*), the liquidity needs are evaluated by considering the assets transferred as collateral security (and not the receivables).

In accordance with, and pursuant to, the provisions of Article L. 513-26 of the French Monetary and Financial Code, a *société de financement de l'habitat* may also, by derogation to the provisions of articles 1300 of the *Code civil* (the "French Civil Code") and L. 228-44 to L. 228-74 of the French Commercial Code, subscribe for its own *obligations de financement de l'habitat*, for the sole purpose of pledging them as collateral

security (*affecter en garantie*) in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the terms and conditions determined by the *Banque de France* for its monetary and intraday credit policy, if the *société de financement de l'habitat* is not able to cover its cash needs with the other means available to it, provided that:

- (a) the total amount of the *obligations de financement de l'habitat* subscribed by the Issuer does not exceed ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription;
- (b) such *obligations de financement de l'habitat* are disentitled of their rights under articles L. 228-46 to L. 228-89 of the French Commercial Code as long as the *société de financement de l'habitat* holds them;
- (c) such *obligations de financement de l'habitat* are pledged for the benefit of the *Banque de France* within an 8-day period starting from the date on which they are paid and delivered (otherwise, such Notes shall be cancelled by the *société de financement de l'habitat* at the end of such 8-day period); and
- (d) they can not be subscribed by third parties.

In any case, the *obligations de financement de l'habitat* subscribed by the *société de financement de l'habitat* in accordance with, and pursuant to, the provisions of Article L. 513-26 of the French Monetary and Financial Code, shall be cancelled within an 8-day period starting from the date on which they cease to be pledged for the benefit of the *Banque de France*.

Hedging

The Issuer may enter into swaps to hedge its interests and currency risks on the loans and exposures referred to in Articles L. 513-28 and L. 513-29 of the French Monetary and Financial Code, on the *obligations de financement de l'habitat* and on other resources whether or not benefiting from the *Privilège*.

The hedging strategy of the Issuer will be to enter into micro-hedging swaps in order to hedge the amount of interest and principal payable by the Issuer under any relevant series of Notes in the relevant specified currency against the interest rate and/or currency risk of the payments corresponding to the interest and principal in each relevant currency to be received by the Issuer under its assets.

The swap arrangements to be entered into by the Issuer will follow the last up-to-date ISDA standard form available at the time of the conclusion of the swaps master agreement or, when legally required, its equivalent under the last up-to-date FBF (*Fédération Bancaire Française*) standard form available at the time of the conclusion of the swaps.

All of the hedge counterparties to these currency or interest rate swaps will have to be compliant with the methodology on counterparty risks for covered bonds' issuers in force from time to time of the relevant rating agency which will assess the rating of the Notes issued under the Programme at that time.

Pursuant to the terms of the swap agreements to which the Issuer will be a party, in the event that the relevant ratings of the relevant hedging counterparty is or are downgraded by a rating agency below the required ratings specified in the relevant swap agreement and, where applicable, the relevant hedging counterparty will, in accordance with and pursuant to the terms of the relevant swap agreement, be required to take certain remedial measures which may include one (1) or more of the following: (i) providing collateral for its obligations under the relevant swap agreement; (ii) arranging for its obligations under the relevant swap agreement to be transferred to a replacement hedging provider with the ratings required by the rating agencies (as specified in the relevant swap agreement); (iii) procuring another entity with the ratings agreed with the relevant rating agency (as specified in the relevant swap agreement) to become co-obligor in respect of its obligations under the relevant swap agreement; and/or (iv) taking such other actions as the relevant hedging counterparty may agree with the relevant rating agency.

As far as the Issuer itself is concerned, it will not be required to provide collateral or take any of the above mentioned remedial measures to the benefit of its hedging counterparties depending on its ratings.

All amounts due to such hedging counterparties and payable by the Issuer pursuant to these currency or interest rate swaps will be expressed as benefiting from the *Privilège*. Interest rate and currency risk positions of the Issuer will be reviewed on a regular basis quarter in order to be adjusted to events that may occur and which cannot be known in advance (such as in case of prepayments under the loans owned by the Issuer, etc.).

Insolvency derogating regime

Article L. 513-11 of the French Monetary and Financial Code precludes the extension of any safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) in respect of the *société de financement de l'habitat*'s shareholders to the *société de financement de l'habitat*.

The French Monetary and Financial Code provides for a regime which derogates in many ways from the French legal provisions relating to insolvency proceedings. In particular, in the event of safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) of a *société de financement de l'habitat*, all claims benefiting from the *Privilège*, including interest thereon, must be paid on their due dates and in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of all such preferred claims, no other creditors may take any action against the assets of the *société de financement de l'habitat*.

In addition, pursuant to Article L. 513-18 of the French Monetary and Financial Code, the provisions of Article L. 632-2 of the French Commercial Code are not applicable to contracts concluded by a *société de financement de l'habitat*, or to legal transactions made by or in favour of *société de financement de l'habitat*, as far as such contracts or transactions are directly related to the transactions referred to in Articles L. 513-2 of the French Monetary and Financial Code.

Specific Controller

In each *société de financement de l'habitat*, a specific controller (*contrôleur spécifique*) (the “**Specific Controller**”) and a substitute Specific Controller (*contrôleur spécifique suppléant*) are in charge of ensuring the compliance of the *société de financement de l'habitat* with the legal framework described above. The Specific Controller and the substitute Specific Controller are selected from the official list of auditors and appointed by the officers of the *société de financement de l'habitat* with the approval of the *Autorité de contrôle prudentiel et de résolution*.

Pursuant to Article L. 513-32 of the French Monetary and Financial Code, the tasks of the Specific Controller are:

- (a) to ensure that the *société de financement de l'habitat* complies with Articles L. 513-28 to L. 513-30 of the French Monetary and Financial Code;
- (b) to certify that the cover ratio is satisfied in connection with (i) the *société de financement de l'habitat*'s quarterly programme of issues benefiting from the *Privilège* and (ii) any issue of resources benefiting from the *privilège* and whose amount is greater than Euro 500 million;
- (c) to ensure that the home loans (*prêts à l'habitat*) granted or refinanced by the *société de financement de l'habitat* comply with the purpose of article L. 513-28 of the French Monetary and Financial Code and with the requirements set out in articles L. 513-29 *et seq.* of the French Monetary and Financial Code;
- (d) to control, when the home loans (*prêts à l'habitat*) granted or financed by the *société de financement de l'habitat* are subject to a guarantee (*cautionnement*) from a credit institution or an insurance company included in the consolidation scope, as defined by article L. 233-16 of the French Commercial Code as applicable to the *société de financement de l'habitat*, the risks assessment methods established by such credit institution or insurance company are adequate, in accordance with Article R. 515-17 of the French Monetary and Financial Code; and
- (e) to review, pursuant to article 12 of the CRBF Regulation, the level of rate and maturity matching between the assets and the liabilities. In case the Specific Controller believes that the level of rate and maturity matching would create excessive risks for the creditors benefiting from the *privilège*, the Specific Controller informs the officers of the relevant *société de financement de l'habitat* and the *Autorité de contrôle prudentiel et de résolution*.

The Specific Controller attends all shareholders' meetings and, on his request, may be heard by the board of directors of the *société de financement à l'habitat* (Article L. 513-23 of the French Monetary and Financial Code).

The Specific Controller is entitled to receive all the documents and information necessary to the fulfilment of its mission and to perform, under certain conditions, any audit and control in the premises of the *société de financement de l'habitat*. The Specific Controller prepares annual reports on the accomplishment of his missions to the management of the *société de financement de l'habitat*, a copy of which is delivered to the *Autorité de contrôle prudentiel et de résolution*.

The date on which such redenomination becomes effective shall be referred to in these Conditions as the “Redenomination Date”.

2 Conversions and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted for Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted for Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such holder shall be made in accordance with article R. 211-4 of the French Monetary and Financial Code. Any such conversion shall be effected at the cost of such holder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination (as defined in the relevant Final Terms).

In accordance with article L. 211-3 and R. 211-1 of the French Monetary and Financial Code, securities (including the Notes) in materialised form and governed by French law must be issued outside the French territory.

3 Status

The principal and interest of the Notes and, where applicable, any Coupons relating to them, constitute direct, unconditional, unsubordinated and, pursuant to the provisions of Condition 4, privileged obligations of the Issuer and rank, and will rank, *pari passu* and without any preference among themselves and equally and rateably with all other present or future notes (including the Notes of all other Series) and other resources raised by the Issuer benefiting from the *privilège* (priority right of payment) (the **Privilège**) created by article L. 513-11 of the French Monetary and Financial Code as described in Condition 4.

4 Privilège

- (a) The Notes benefit from the *Privilège* created by Article L. 513-11 of the French Monetary and Financial Code.
- (b) Accordingly, notwithstanding any legal provisions to the contrary (including *Livre VI* of the French Commercial Code), pursuant to Article L. 513-11 of the French Monetary and Financial Code:
 - (i) the sums deriving from loans or assimilated receivables, exposures and securities eligible to the assets of a *société de financement de l'habitat* in the meaning of Articles L. 513-28 and L. 513-29 of the French Monetary and Financial Code and forward financial instruments referred to in Article L. 513-10 of the French Monetary and Financial Code (in each case after any applicable set-off), together with the claims in respect of deposits made by the Issuer with credit institutions, are allocated in priority to the payment of *obligations de financement de l'habitat* such as the Notes, and any other resources raised by the Issuer and benefiting from the *Privilège*. It should be noted that it is not solely Notes that benefit from the *Privilège*; other resources raised by the Issuer pursuant to any agreement, document purporting to inform the public within the meaning of Article L 412-1 of the French Monetary and Financial Code or any other equivalent document required in connection with the admission to trading on a Regulated Market located outside France referring to the *Privilège* and forward financial instruments (i.e. derivative transactions) used for hedging under the conditions of Article L. 513-10 of French Monetary and Financial Code, as well as some ancillary expenses and the sums, if any, due under the contract provided for in Article L. 513-15 of the French Monetary and Financial Code may also benefit from the *Privilège*;
 - (ii) in case of conciliation (*conciliation*), safeguard (*sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) of the Issuer, all amounts due regularly under *obligations de financement de l'habitat* such as the Notes, and any other resources benefiting from the *Privilège*, are paid on their contractual due date, and in priority to all other debts, whether or not preferred, including interest resulting from agreements whatever their duration. Accordingly, until all creditors (including the Noteholders) benefiting from the *Privilège* have been fully paid, no other creditor of the Issuer may exercise any right over the assets and rights of the Issuer; and
 - (iii) the judicial liquidation of the Issuer will not result in the acceleration of payment of *obligations de financement de l'habitat* such as the Notes.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “FBF Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction (*Echange*) in the relevant Specified Currency incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the Floating Rate Determination Date is as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Agent” and “Floating Rate Determination Date” are translations of the French terms “Taux Variable”, “Agent” and “Date de Détermination du Taux Variable”, respectively, which have the meanings given to those terms in the FBF Definitions.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any);

- (b) if the Primary Source for the Floating Rate is Reference Banks or if subparagraph (a)(i) applies and no Relevant Rate appears on the Page or the Page is not available at the Relevant Time on the Interest Determination Date or if subparagraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page or the Page is not available at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean (rounded as provided above) of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any); and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the “Principal Financial Centre”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for

any difference between any Margin or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(d) Accrual of interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(e) Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding:

- (i) If any Margin is specified in the relevant Final Terms, either (x) generally or (y) in relation to one or more Interest Accrual Periods, an adjustment shall be made to all Rates of Interest in the case of (x), or to the Rates of Interest for the specified Interest Accrual Periods in the case of (y), calculated in accordance with Condition 5(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth (1/100,000) of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven (7) figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, "unit" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(f) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(g) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts.

The Calculation Agent, as soon as practicable on such date as it may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination (as defined in the relevant Final Terms) of the Notes for the relevant Interest Accrual Period, shall calculate the Final Redemption Amount, Early Redemption Amount, Minimum Redemption Amount, Maximum Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as

the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption

Amount, Early Redemption Amount, Minimum Redemption Amount, Maximum Redemption Amount or Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agents, the holders of Notes, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market or other stock exchange and the rules of such Regulated Market or other stock exchange so require, such Regulated Market or other stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market or other stock exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount, Minimum Redemption Amount, Maximum Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and/or stock exchange and the rules of, or applicable to, that Regulated Market and/or stock exchange so require, notice of any change of Calculation Agent shall be given in accordance with Condition 13.

For the purposes of this Condition:

“outstanding” means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in full and cancelled in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Notes up to the date for such redemption and any interest payable after such date) have been duly paid (c) those which have become void or in respect of

which claims have become prescribed under Condition 9, (d) those which have been purchased or subscribed and cancelled as provided in Condition 6(f), (e) in the case of Definitive Materialised Notes (i) those mutilated or defaced Definitive Materialised Notes that have been surrendered in exchange for replacement Definitive Materialised Notes, (ii) (for the purpose only of determining how many such Definitive Materialised Notes are outstanding and without prejudice to their status for any other purpose) those Definitive Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Definitive Materialised Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Notes, pursuant to its provisions or which has become void in accordance with its terms.

6 Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below or unless its maturity is extended in accordance with the paragraph below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided in these Conditions, is its nominal amount).

Notes may have hard bullet maturities (not allowing the Maturity Date of the relevant Series to be extended) or soft bullet maturities (allowing the Maturity Date of the relevant Series to be extended), as specified in the Final Terms of the relevant Series. With respect to Series of Notes having a soft bullet maturity, an extended Maturity Date (the “Extended Maturity Date”) shall be specified as applying in relation to such Series in the applicable Final Terms. This means that if the Final Redemption Amount of the relevant Series is not paid by the Issuer on the Maturity Date, then payment of such Final Redemption Amount shall be automatically deferred and shall become due and payable one (1) or several years later on the Extended Maturity Date. However, any amount representing the Final Redemption Amount remaining unpaid on the Maturity Date may be paid by the Issuer on any Specified Interest Payment Date thereafter, up to (and including) the relevant Extended Maturity Date. Interest will continue to accrue on any unpaid amount during such extended period at the Rate of Interest specified in the relevant Final Terms and be payable on each Specified Interest Payment Date and on the Extended Maturity Date all as specified in the relevant Final Terms and in accordance with the applicable Conditions.

(b) Redemption at the Option of the Issuer and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all the relevant laws, regulations and directives and on giving not less than fifteen (15) no more than thirty (30) days’ irrevocable notice in accordance with Condition 13 to the Noteholders redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount (as specified below) together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

The Optional Redemption Amount payable in respect of any Note, upon redemption of such Note pursuant to this Condition shall be determined as specified below:

Optional Redemption Amount = $Y \times \text{Specified Denomination}$

Where:

“Y” means the ratio expressed as a percentage specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed which shall have been drawn in such place and in such manner as may be

fair and reasonable in the circumstances, taking account of prevailing market practices and subject to compliance with any applicable laws and Regulated Market or stock exchange requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full only some of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with article R. 213-16 of the French Monetary and Financial Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market or stock exchange requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are admitted to trading on Euronext Paris and the rules applicable to such Regulated Market so permit, on the website of the AMF (www.amf-france.org) or (ii) in a leading financial newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, which in the case of Euronext Paris is expected to be Les Echos, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(c) No Redemption for Taxation Reasons

If any law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, such Notes may not be redeemed early.

(d) Purchases

The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and/or regulations.

Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes.

(e) Subscriptions

The Issuer shall have the right at all times to subscribe for Notes for the purpose of pledging them (*affecter en garantie*) as collateral security in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the terms and conditions determined by the

Banque de France for its monetary and intraday credit policy, if the Issuer is not able to cover its cash needs with the other means available to it, provided that:

- (i) the total amount of the Notes subscribed by the Issuer does not exceed ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription;
- (ii) the Notes are disentitled of their rights under articles L. 228-46 to L. 228-89 of the French Commercial Code as long as the Issuer holds them;
- (iii) the Notes are pledged for the benefit of the *Banque de France* within an 8-day period starting from the date on which they are paid and delivered (otherwise, such Notes shall be cancelled by the Issuer at the end of such 8-day period); and
- (iv) they cannot be subscribed by third parties.

In any case, the Notes subscribed by the Issuer shall be cancelled within an 8-day period starting from the date on which they cease to be pledged for the benefit of the *Banque de France*.

(f) Cancellation

All Notes which have been purchased by or on behalf of the Issuer for cancellation or subscribed by the Issuer will be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(g) Illegality

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13, redeem all, but not some only, of the Notes at their Early Redemption Amount (which shall be the Final Redemption Amount) together with any interest accrued to the date set for redemption.

7 Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes, and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the

relevant holder of Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) Presentation and surrender of Definitive Materialised Notes and Coupons

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only upon presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only upon presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on the exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five (5) years from the date on which such Coupon would have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date (or the Extended Maturity Date, if any), all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note in definitive form becomes due and repayable prior to its Maturity Date (or the Extended Maturity Date, if any), unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only upon presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agent(s) with specified offices outside the United States with the reasonable expectation that such Paying Agent(s) would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence for the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to (i) any applicable tax or other laws, regulations and directives, in the place of payment but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case, does not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agents, the Registration Agent or the Calculation Agent and to appoint another Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having specified offices in at least two major European cities and ensuring the financial servicing of the Notes free of charge to the Noteholders, so long as the Notes are listed and admitted to trading on Euronext Paris and, so long as the Notes are admitted to trading on any other Regulated Market, in such other city where the Notes are admitted to trading, (iv) in the case of Materialised Notes, a Paying Agent having its specified office in a Member State of the EU that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC regarding the taxation of savings income in the form of interest payments or any other EU Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in compliance with, such Directive (which may be the Paying Agent referred to in (iii) above), (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent, and (vi) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 13.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(g) Business Days for Payment

If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day, nor to any interest or other sum in respect of such postponed payment. In this paragraph, business day means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as Financial Centre(s) in the relevant Final Terms, and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET2 Business Day.

(h) Bank

For the purpose of this Condition 7, “Bank” means a bank in Paris and the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET2 System.

8 Taxation

(a) Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction or any authority therein or thereof having the power to tax, unless such withholding or deduction is required by law.

(b) No Additional Amounts

If any law should require that payments of principal or interest in respect of any Note or any Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts in respect of any such withholding or deduction.

9 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within a period of ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Representation of Noteholders

In respect of the representation of Noteholders, the following shall apply:

- (a) If the relevant Final Terms specifies “Full Masse”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (the “Masse”) and the provisions of the French Commercial Code (Code de commerce) relating to the Masse shall apply subject to the provisions of this Condition 10(a) below.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the initial Representative, such Representative will be replaced by its alternate. In the event of death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the general meeting of the Noteholders (the “General Meeting”).

In accordance with Article R. 228-71 of the French Commercial Code (Code de commerce), the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting.

- (b) If the relevant Final Terms specify “Contractual Masse”, the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse which will be subject to the provisions of this Condition 10(b) below.

The Masse will be governed by the provisions of the French Commercial Code (*Code de commerce*) with the exception of articles L. 228-48, L. 228-59, L. 228-71, R. 228-63, R. 228-65, R. 228-67 and R. 228-69 of the French Commercial Code (Code de commerce), subject to the following provisions:

The names and addresses of the initial Representative and its alternate will be set out in the Final Terms.

The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its function or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agent(s).

(iii) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the General Meeting and except as provided by paragraph 1 of article L. 513-24 of the French Monetary and Financial Code) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative, except that, should safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) proceedings be commenced against the Issuer, the Specific Controller would file the proof of debt of all creditors (including the Noteholders) of the Issuer benefiting from the *Privilège*.

The Representative may not be involved in the management of the affairs of the Issuer.

(iv) General Meeting

A General Meeting may be held at any time, upon convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for the convening of a General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 13.

Each Noteholder has the right to participate in a General Meeting either in person or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination (as defined in the relevant Final Terms), one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with article R. 228-71 of the French Commercial Code (*Code de commerce*), the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting at zero hours, Paris time.

(v) Powers of the General Meetings

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and may also act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in dispute or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders.

General Meetings may only validly deliberate on first convocation if the Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 13.

(vi) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15- day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified office of the Paying Agent(s) and at any other place specified in the notice of the General Meeting.

(vii) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(c) Single Masse

The Noteholders of the same Series, and the Noteholders of any other Series which has been assimilated with the Notes of such first mentioned Series in accordance with Condition 12, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche or Series of Notes will be the Representative of the single Masse of all such Series.

For the avoidance of doubt, in this Condition 10, the term “outstanding” shall not include the Notes subscribed or purchased by the Issuer pursuant to respectively Article L. 513-26 and Article L. 213-1-A of the French Monetary and Financial Code and that are held by it and not cancelled.

11 Replacement of Definitive Materialised Notes, Coupons and Talons

If, in the case of any Materialised Notes, a Definitive Materialised Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or any Paying Agent as may from time to time be designated by the Issuer for this purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Coupons or Talons must be surrendered before replacements will be issued.

12 Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may, from time to time, without the consent of the Noteholders or Couponholders create and issue further notes to be assimilated (*assimilées*) with the Notes, provided such Notes and the further notes carry rights identical in all respects (or identical in all respects save for the principal amount thereof and the first payment of interest) and that the terms of such notes provide for such assimilation, and references in these Conditions to Notes shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Fiscal Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) days' prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series denominated in Euro with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13 Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published in a leading daily financial newspaper of general circulation within Europe (which is expected to be the *Financial Times*), provided that, so long

TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate without interest coupons (a “Temporary Global Certificate”) will initially be issued in connection with each Tranche of Materialised Notes, and will be delivered on or prior to the issue date of the Tranche to a common depositary (the Common Depositary) for Euroclear Bank S.A./N.V. (“Euroclear”) and to Clearstream Banking, *société anonyme* (“Clearstream, Luxembourg”). Upon the delivery of such Temporary Global Certificate to a Common Depositary, Euroclear and Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg, or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Materialised Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Summary of the programme”), in whole, but not in part, for Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part, upon certification if required under U.S. Treasury regulation section 1.163-5(c)(2)(i)(D)(3) (or any successor regulation issued under the U.S. Internal Revenue Code of 1986, as amended (the **Code**) section 4701(b) containing rules identical to those applying under Code section 163(f)(2)(B)) as to non-U.S. beneficial ownership for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to, or to the order of, the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, “Definitive Materialised Notes” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of

interest that have not already been paid in respect of the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be securely printed in accordance with any applicable legal and stock exchange requirement.

Exchange Date

“Exchange Date” means, in relation to a Temporary Global Certificate in respect of any Materialised Notes, the day falling after the expiry of forty (40) days after its issue date, provided that in the event any further Materialised Notes which are to be assimilated with such first mentioned Materialised Notes are issued prior to such day pursuant to Condition 12, the Exchange Date may, at the option of the Issuer, be postponed to the day falling after the expiry of forty (40) days after the issue date of such further Materialised Notes.

In the case of Materialised Notes with an initial maturity of more than 365 days (and that are not relying on the C Rules of the TEFRA), the Temporary Global Certificate shall bear the following legend:

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES FEDERAL INCOME TAX LAWS INCLUDING THE LIMITATION PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED.

TAXATION

The following is a summary limited to certain tax considerations in France relating to the payments made in respect of the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This summary is based on the laws in force in France as of the date of this Base Prospectus and as applied by the tax authorities, all of which are subject to changes or to different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposal of the Notes in light of its particular circumstances.

1 EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted the directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the “Savings Directive”). The Savings Directive requires Member States as from 1 July 2005 provide the tax authorities of other Member States with details of payments of interest and other similar income within the meaning of the Savings Directive made by a paying agent located within their jurisdiction to (or, under certain circumstances, to the benefit of) a beneficial owner (within the meaning of the Savings Directive) resident in another Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of the interest payment elects for the exchange of information. At the date of the Base Prospectus, the rate of this withholding tax is 35%. In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Savings Directive.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive, published on 15 April 2014 in the Official Journal of the European Union, amending and broadening the scope of the Savings Directive (the “**Amending Directive**”). In particular, the changes expand the range of payments covered by the Savings Directive to include certain additional types of income, and widen the range of recipients payments to whom are covered by the Savings Directive, to include certain other types of entity and legal arrangement. Member States are required to implement national legislation giving effect to these changes by 1 January 2016 (which national legislation must apply from 1 January 2017).

If a payment in respect of the Notes were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax pursuant to the Savings Directive or the Amending Directive.

For these purposes, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest (and other similar revenues) payments, within the meaning of the Savings Directive or the Amending Directive, for the immediate benefit of individuals.

2 French taxation

Savings Directive

The Savings Directive has been implemented in French law by Articles 199 *ter* and 242 *ter* of the French General Tax Code (*Code général des impôts*) and Articles 49 I *ter* to 49 I *sexies* of Annex III to the French General Tax Code (*Code général des impôts*), impose on paying agents based in France an obligation to

report certain information to the French tax authorities with respect to interest (and other similar revenues) payments made to beneficiaries domiciled in another Member State, including, in particular, the identity and the address of the beneficiaries as well as a detailed list of the different categories of interest paid to these beneficiaries.

French withholding tax

- (a) Following the introduction of the French “*loi de finances rectificative pour 2009 n° 3*” (no. 2009-1674 dated 30 December 2009) (the “Law”), payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French General Tax Code (*Code général des impôts*) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French General Tax Code (*Code général des impôts*) (a “Non-Cooperative State”). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French General Tax Code (*Code général des impôts*).

Notwithstanding the foregoing, the Law provides that the 75% withholding will not apply in respect of the issue of the Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “Exception”). Pursuant to official guidelines issued by the French tax authorities under the references BOI-INT-DG-20-50-20140211, no. 990, BOI-RPPM-RCM-30-10-20-40-20140211, no. 70, BOI-IR-DOMIC-10-20-20-60-20140211, no. 10 and, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French Monetary and Financial Code, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Furthermore, pursuant to Article 238 A of the French General Tax Code (*Code général des impôts*), interest and other revenues on such Notes are, *inter alia*, not deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 *et seq.* of the French General Tax Code (*Code général des impôts*), in which case such non-deductible interest and

other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French General Tax Code (*Code général des impôts*), at a rate of 30% or 75%.

However, neither the non-deductibility set out under Article 238 A of French General Tax Code (*Code général des impôts*), nor the withholding tax set out under article 119 *bis* 2 of the French General Tax Code (*Code général des impôts*) will apply in respect of the Notes if the Issuer can prove that it can benefit from the Exception and that the relevant interest or revenues relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to official guidelines issued by French tax authorities under the references BOI-INT-DG-20-50-20140211, no. 550 and BOI-ANNX-000364-20120912, no. 20, the issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes since the Notes qualify to one of the three above-mentioned conditions.

- (b) Pursuant to 125 A of the General Tax Code (*Code général des impôts*) and subject to certain exceptions, interest and other revenues received under the Notes as from 1 January 2013 by individuals who are fiscally domiciled in France are subject to a 24% withholding tax. This withholding tax is an advance payment made in respect of the personal income tax of the individual receiving the interest or revenue, which is deductible from his personal income tax liability in respect of the year during which this withholding has been made; if the amount of this withholding exceeds the amount of personal income tax due, the excess is refundable. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of 15.5% on interest and similar revenues paid by the Issuer under the Notes, to individuals who are fiscally domiciled in France.

3 Luxembourg taxation

The Savings Directive has been implemented in Luxembourg law by Act of 21 June 2005.

Individuals

(c) Luxembourg residents

A 10 per cent. withholding tax has been introduced, as from 1 January 2006, on interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Income (other than interest) from investment funds and from current accounts provided that the interest rate is not higher than 0.75 per cent. is exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempted from the withholding tax.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

(d) Luxembourg non-residents

Subject to the application of the Savings Directive and applicable laws, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to Luxembourg non-resident Noteholders.

Under the Savings Directive and applicable laws, a Luxembourg based paying agent (within the meaning of the Savings Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State unless the beneficiary of the interest payments elects for the exchange of

information. The same regime applies to payments to individuals or Residual Entities resident in certain dependent territories.

The current withholding tax rate is 35 per cent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

Corporations

There is no withholding tax for Luxembourg resident and non-resident corporations Noteholders on payments of interest (including accrued but unpaid interest).

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in a dealer agreement dated 2 August 2013 (as amended on 10 June 2014) between the Issuer, the Arranger, and the Permanent Dealers, as amended and restated from time to time (the “**Dealer Agreement**”), the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer will have the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

General

These selling restrictions may be modified by the Dealer Agreement and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

Pursuant to the Dealer Agreement, each Dealer has represented and agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

Public Offer Selling Restriction under the Prospectus Directive

Please note that, in relation to EEA Member States, additional selling restrictions may apply in respect of any specific EEA Member State, including those set out in relation to France and to the United Kingdom in this section.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Public Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Public

Offer, in accordance with the Prospectus Directive in the period beginning and ending on the dates specified in such Prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of the Public Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the Directive 2010/73/EC of 24 November 2010, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the Directive 2010/73/EC of 24 November 2010, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State.

In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by a dealer that is not participating in the offering) may violate the registration requirements of the Securities Act.

The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.
