## 9. SUMMARY

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A-E (A.1 – E.7). This summary together with the summary contained in the Base Prospectus contains all the Elements required to be included in a summary for this type of securities and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. This summary contains the information particular to this Series of Notes which could not be included in the summary contained in the Base Prospectus.

Even though an Element may be required to be inserted in the summary because of the type of securities and the Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable".

SECTION A – INTRODUCTION AND WARNINGS	
A1	<p>This summary must be read together with the summary contained in the Base Prospectus dated 5 September 2014. This summary together with the summary contained in the Base Prospectus is intended only as an introduction to this Base Prospectus and any decision to invest in any Notes should be based on a consideration of this Base Prospectus as a whole.</p> <p>Where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff Noteholder might, under the national legislation of the Member States, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated. No civil liability in respect of this summary will attach to the persons responsible for it in any Member States in which the Prospectus Directive has been implemented unless this summary, including any translation thereof, is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or if the summary does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in the Notes.</p>
