An application has been made for the Certificates to be listed and admitted to trading on the regulated market of Euronext Paris

Any person making or intending to make an offer of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer.

Neither the Issuer nor the Guarantor has authorised, nor do they authorise, the making of any offer of Securities in any other circumstances.

Part A – Contractual Terms

Unless otherwise required by the context, the terms and expressions used and not expressly defined in these Final Terms shall have the same meaning as in the Conditions of the Securities and the Technical Annex set forth in the Base Prospectus dated as of 22 June 2018 (the **2018 Base Prospectus**) as supplemented by the first Supplement dated as of 8 October 2018 (the **Supplement**).

The 2018 Base Prospectus and the Supplement constitute together a base prospectus for the purposes of the Prospectus Directive and the relevant implementing measures in Luxembourg. The present document constitutes the Final Terms of the Certificates described herein for the purposes of article 5.4 of the Prospectus Directive and the relevant implementing measures in Luxembourg. The Final Terms must be read in conjunction with the 2018 Base Prospectus, as supplemented. Full information on the Issuer, the Guarantor and the offer of the Certificates is only available on the basis of the combination of these Final Terms and the 2018 Base Prospectus as supplemented.

The 2018 Base Prospectus, the Supplement and these Final Terms are available on the website of Exane (www.exane.com/exaneissues). A summary of the issue of the Securities is attached as a schedule to these Final Terms. The 2018 Base Prospectus, the Supplement and these Final Terms are available for inspection and copies may be obtained from the registered office of the Issuer and the registered office of the Principal Paying Agent.

TECHNICAL ANNEX TO THE FINAL TERMS

The present Technical Annex includes the necessary parameters to the use of the pay-off formulas (each, a Pay-Off Formula) used in Part A (Contractual Terms) of the Final Terms in order to determine an interest amount, an early settlement amount or a final settlement amount payable on a Security.

All the information set out in this Technical Annex to the Final Terms refers to the calculation formulae and the concept as the Pay-Off Formulae, the Underlying Values, the Values and the Applicable Conditions used in the Technical Annex to the 2018 Base Prospectus.

1. Final Settlement Amount

On the Maturity Date, the Holder of one Certificate will receive a Final Settlement Amount which is a Delta One Settlement Amount(1) in USD determined in accordance with the following formula:

$$USD (RV_{Final} - Strike) \times \frac{FX_{Final}}{FX_{Initial}}$$

2. Automatic Early Settlement Amount

If an Automatic Early Settlement Condition occurs (i.e. if at any Valuation Time(1) within the Valuation Period(1), the price of the Share has ever been lower than or equal to the Barrier), each Holder will receive on the Automatic Early Settlement Date a Conditional Settlement Amount depending on two (2) Applicable Conditions (i.e. the American Barrier (1) Condition and the American Barrier(2) Condition):

(1) *If the American Barrier Condition(1) is not met but the American Barrier Condition(2) is met, (i.e. if on the first day on which the price of the Share is lower than or equal to the Barrier (the Automatic Early Valuation Date), it however remains strictly higher than the Strike at any Valuation Time(2) within the Valuation Period(2)), each Holder of one Certificate will receive a Delta One Settlement Amount(2) in USD determined in accordance with the following formula:*

$$USD (RV_{Barrier} - Strike) \times \frac{FX_{AutomaticEarlyValuationDate}}{FX_{Initial}}$$

(2) *Otherwise, if the American Barrier Condition(1) and the American Barrier Condition(2) are not met, each Holder of one Certificate will receive a Fixed Settlement Amount equal to **USD 0.00 (zero)**.*

The concepts used to determine the Final Settlement Amount are detailed hereafter.

I. DEFINITIONS

A. Valuation Dates of the Values

Initial Valuation Date: 21 May 2019

Final Valuation Date: 21 August 2019

The proposed corporate purpose is the following:</p> <p><i>"within the limits laid down by the legislation and regulations applicable to financial companies, and subject to the provisions of the last paragraph of this Article, the Company's main business is:</i></p> <ul style="list-style-type: none"> <i>- providing, both in France and in other countries, investment services, including own account dealing, services relating to investment services within the meaning of applicable regulation, as well as all financial activities not prohibited by applicable regulation;</i> <i>- participating, directly or indirectly, in France and in other countries, to all operations relating, in any way whatsoever, to the corporate purpose, including by incorporating new companies, contributions, subscriptions, issuances and purchases of securities or corporate rights or other rights (of any kind whatsoever), mergers, partnerships or by any other means whatsoever;</i> <i>- generally, participating, in France and in other countries, to all commercial, financial and industrial operations and transactions, whether in movable property or real estate, relating, in any way whatsoever, to the corporate purpose.</i> <p><i>The Company carries out those activities that, under current regulations, require authorisation in accordance with the stipulations of the authorisation granted to it or of any authorisation that may be granted to it in the future."</i></p> <p>The Issuer is therefore authorised as an investment firm to provide the investment service of dealing on own account.</p> <p>The Issuer's main activity is to operate as an issuing vehicle of debt securities (including certificates and bonds) and warrants. Such issues are generally underwritten by Exane Derivatives SNC which is responsible for placement with investors and managing positions.</p> <p>It should be noted that investment services relating to underwriting and placement are authorised only in connection with the issuance of warrants and debt securities (bonds and certificates).</p>

B.18	Nature and scope of the guarantee	<p>Exane Derivatives SNC (the Guarantor) has independently, unconditionally and irrevocably granted a first demand guarantee pursuant to Article 2321 of the French civil code (the Exane Guarantee) in favour of the Holders of Securities with respect to (<i>en considération de</i>) the Issuer's obligations under the Securities. The Exane Guarantee given by the Guarantor on the Securities shall constitute a direct, unsubordinated obligation of the Guarantor and shall rank equally (<i>pari passu</i>) with its other direct, unconditional and unsubordinated obligations, both present and future (with the exception of preferred obligations under the law).</p> <p>Certain issues may benefit from an additional guarantee in the form of a pledging of securities account in accordance with article L. 211-20 and articles D. 211-10 <i>et seq.</i> of the French monetary and financial code (the Pledge). The Pledge shall be granted by Exane Derivatives SNC (the Pledgor) for the benefit of the Holders. The relevant Final Terms shall specify whether the relevant Securities have the benefit of a Pledge. The statement of pledge shall indicate, in particular, the debt secured by the Pledge (the Secured Debt) as well as the nature and number of financial instruments recorded in the pledged account (the Eligible Financial Instruments) as of the date of delivery of such statement. Pursuant to Articles L. 211-36 <i>et seq.</i> of the French monetary and financial code, depending on the legal status of the relevant Holder(s) and the nature of the relevant Secured Debt, the relevant Pledgee may benefit from the French financial collateral regime which implements in France the EU Directive no. 2002/47/EC of 6 June, 2002 on financial collateral arrangements (as amended, the Collateral Directive) and its right to enforce its Pledge may thus be protected against the effects of the insolvency proceedings opened against the Issuer under Book VI of the French commercial code.</p>

Section D – Risks

Element	Heading	
D.2	Key information on the principal risks that are specific to the Issuer or its operations and activity	<p>As far as the Issuer and the Guarantor are concerned, several risk factors may affect their ability to perform their obligations under the Securities:</p> <ul style="list-style-type: none"> – Group’s Risk : the Exane group is exposed to risks inherent in its core businesses ; – Risk management: the risk management strategies and techniques put in place by the Issuer and the Guarantor may fail; notably with risks that not identified or anticipated that may cause unexpected losses ; – Credit risk; risk of loss due to default by the Issuer or the Guarantor ; – Solvency of the Issuer and of the Guarantor: investors are only relying on the solvency of the Issuer and of the Guarantor and on no other person. The Securities and the Exane Guarantee rank equally with all other unsubordinated and unsecured contractual obligations of the Issuer and the Guarantor, and after preferred obligations, including those preferred by operation of law ; – Undiversified business: the Issuer’s and the Guarantor’s business activities are dependent on the behaviour of European equities markets and are impacted by both domestic and international economic and political events; – Capital adequacy: the implementation of various regulations on capital adequacy may have an impact on the profitability of the activities of the Issuer and/or the Guarantor; – Operational risk: risk of loss or sanctions arising from the inadequacies or failures in internal procedures, human error or external events; – Fair market value risk: the new rules relating to financial instruments recognition and measurement may lead to fluctuations in the shareholders equity and more generally in the financial statements of the Issuer or the Guarantor; – Impact of regulatory changes: changes in regulations could materially affect the business of the Issuer and of the Guarantor; – Reputational risk: mismanagement of potential conflicts of interest, legal and regulatory requirements, ethical issues, money-laundering laws, information

<p>D.6</p>	<p>Basic information on material factors to enable risks associated with Securities linked to one or more Underlying(s) to be assessed</p>	<p>Several risk factors are material for the purpose of assessing the market risks associated with Securities issued under the Programme:</p> <p>General, market and other risks</p> <ul style="list-style-type: none"> – Suitability of the investment: Securities may not be an appropriate investment for all investors; – Potential costs of dealing and holding Securities: incidental cost linked to dealing and holding Securities may reduce or cancel out any potential benefit on the Securities; – Hedging considerations: the value of the Securities during their life may not exactly offset the loss realised on the hedged underlying; – Rights in respect of the Underlying(s): the Securities do not confer any rights against the Underlying(s); – Possible lack of liquidity for the Securities on the secondary market: Securities may not have a secondary market established when issued. There can be no assurance that an active market for the Securities will develop on the market where the Securities are listed or that liquidity will exist at any time on this market, if it develops. Consequently, investors may not be able to sell their Securities before their maturity date or their exercise date, as the case may be; – Volatility affecting the secondary market for Securities: the occurrence of events may have a negative impact of the price of Securities; – Legal constraints possibly restricting certain investments: each investor has to review himself or with its legal counsel the appropriate treatment of the Securities in a legal point of view; – Leverage : Securities with a leverage factor involve a high level of risk implying a greater losses compared to similar Securities, in the event of loss; – Taxation: potential purchasers and sellers of the Securities should be aware that they may be required to pay taxes or other charges or documentary duties in accordance with the laws and practices of the country where the Securities are transferred or in other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as Securities; – Change in law: no assurance can be given as to the impact of any possible judicial decision or change to such laws, or the official application or interpretation of such laws or administrative practices after the date of this Base Prospectus.

Nevertheless, the Calculation Agent will act in the interest of the holders; – Foreign exchange risk: the value of the Securities may be affected by fluctuations in exchange rates between any currency in which a payment must be made under the Securities and any currency in which an underlying is traded; – Issuer Settlement Option: exercise of its early settlement option by the Issuer may cause the return anticipated by holders to be considerably less than anticipated ; – Credit rating to Securities: credit rating agency may assign credit ratings to certain Securities, however those credit ratings do not constitute a guarantee of the quality of the Securities – Downgrading or withdrawal of the Guarantor’s credit rating: downgrading or withdrawal of the Guarantor’s credit rating may affect adversely the market value of the Securities. <p>Risk linked to the underlying share or basket of shares: The market price of the Securities may be volatile and may be affected by the residual term to maturity, the volatility of the relevant share or shares, the dividend rate (if any) and the financial results and prospects of the Issuer or issuers of the relevant share or shares. The market price of these Securities may also be affected by the actions or decisions taken by the issuer of the share, economic, financial and political events occurring in any one or more countries, including factors affecting stock exchanges or quotation systems on which the shares may be traded. An investment in Securities linked to share or shares may involve market risks similar to those of investing directly in the share or shares. As the investor will not be the beneficial owner of the shares, it will not be entitled to any dividends or similar amounts paid on the shares or to exercise any rights granted to beneficial owners. In addition the issuers of the shares are not involved in the offer of the Securities in any way and have no obligation to consider the interests of the Holders.</p> <p>Risks relating to Certificates: Any investment in Certificates involves significant risks which are not normally associated with a similar investment in traditional fixed or floating rate securities. In the opinion of the Issuer, acquiring Certificates should be restricted to investors who are well able to understand the particular risks of an investment in this type of instrument or who acquire them following the advice of a financial institution or other professional investors.</p>
