PART B – OTHER INFORMATION

1. Listing and Admission to Trading

- (a) Listing application and admission to trading: Application has been made by the Issuer (or on his behalf) for the Certificates to be listed and admitted to trading on the regulated market of Euronext Paris. No assurance can be given that the listing and admission to trading of the Securities will be authorised.
- (b) Estimate of total expenses related to admission to trading : Not applicable

2. Rating

The Securities to be issued have not been rated:

3. Third Party Information

Information contained in the Final Terms that is sourced from a third party has been accurately reproduced and, as far as the Issuer and the Guarantor are aware and are able to ascertain from information published by the relevant third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer has also identified the source(s) of such information.

4. Conflicts of Interests of Natural and Legal Persons Involved in The Issue / Offer

Save as discussed in the “*Potential conflicts of interest*” and “*Potential conflicts of interest in connection with Proprietary Indices*” paragraph in the “*Risk Factors*” section, so far as the Issuer is aware, no person involved in the offer of the Certificates has an interest material to the offer.

5. Reasons for the Offer, Estimated Net Proceeds

- (a) Reasons for the offer and use of proceeds: The net proceeds from each issue of Securities will be applied by the Issuer for its general corporate purposes. A substantial portion of the proceeds from each issue of Securities will be used to establish various hedging financial instruments in respect of such Securities.

11. Prohibition of Sales to EEA Retail Investors: Applicable

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (MiFID II); (ii) a customer within the meaning of Directive 2002/92/EC (IMD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the Prospectus Directive). Consequently no key information document required by Regulation (EU) No 1286/2014 (the PRIIPs Regulation) for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

14. **Non-exempt Offer:** Not applicable
15. **Additional U.S. federal income tax considerations:** The Securities are not Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986.

TECHNICAL ANNEX TO THE FINAL TERMS

The present Technical Annex includes the necessary parameters to the use of the pay-off formulas (each, a Pay-Off Formula) used in Part A (Contractual Terms) of the Final Terms in order to determine an interest amount, an early settlement amount or a final settlement amount payable on a Security.

All the information set out in this Technical Annex to the Final Terms refers to the calculation formulae and the concept as the Pay-Off Formulae, the Underlying Values, the Values and the Applicable Conditions used in the Technical Annex to the 2019 Base Prospectus.

1. Final Settlement Amount

Unless an Automatic Early Settlement Condition has occurred, each Holder shall receive on the Maturity Date, in respect of each Certificate, a Final Settlement Amount which is a which is a Delta One Settlement Amount(1) in CHF determined in accordance with the following formula:

$$\text{CHF (Adjusted Strike} - \text{RV}_{\text{Final}})$$

2. Automatic Early Settlement Amount

If an Automatic Early Settlement Condition occurs (i.e. if at any Valuation Time within the Valuation Period, the level of the Futures Contract has been at least once higher than or equal to the Adjusted Barrier), each Holder will receive on the Automatic Early Settlement Date a Delta One Settlement Amount(2) in CHF determined in accordance with the following formula:

$$\text{CHF Max [0; Adjusted Strike} - \text{RV}_{\text{Adjusted Barrier}}]$$

The concepts used to determine the Final Settlement Amount are detailed hereafter.

Section D – Risks

Element	Heading	
D.2	Key information on the principal risks that are specific to the Issuer or its operations and activity	<p>As far as the Issuer and the Guarantor are concerned, several risk factors may affect their ability to perform their obligations under the Securities:</p> <ul style="list-style-type: none"> – Group’s Risk : the Exane group is exposed to risks inherent in its core businesses ; – Risk management: the risk management strategies and techniques put in place by the Issuer and the Guarantor may fail; notably with risks that not identified or anticipated that may cause unexpected losses ; – Credit risk; risk of loss due to default by the Issuer or the Guarantor ; – Solvency of the Issuer and of the Guarantor: investors are only relying on the solvency of the Issuer and of the Guarantor and on no other person. The Securities and the Exane Guarantee rank equally with all other unsubordinated and unsecured contractual obligations of the Issuer and the Guarantor, and after preferred obligations, including those preferred by operation of law ; – Undiversified business: the Issuer’s and the Guarantor’s business activities are dependent on the behaviour of European equities markets and are impacted by both domestic and international economic and political events; – Capital adequacy: the implementation of various regulations on capital adequacy may have an impact on the profitability of the activities of the Issuer and/or the Guarantor; – Operational risk: risk of loss or sanctions arising from the inadequacies or failures in internal procedures, human error or external events; – Fair market value risk: the new rules relating to financial instruments recognition and measurement may lead to fluctuations in the shareholders equity and more generally in the financial statements of the Issuer or the Guarantor; – Impact of regulatory changes: changes in regulations could materially affect the business of the Issuer and of the Guarantor; – Reputational risk: mismanagement of potential conflicts of interest, legal and regulatory requirements, ethical issues, money-laundering laws, information security policy and sales and transaction practices may harm the reputation of the Issuer and/or of the Guarantor; and – Service of process on or enforcement of judgements against the Issuer and/or the Guarantor in the United States of America: it may not be possible to effect service of process on or enforce judgements against the Issuer and/or the Guarantor in the United States of America.
D.6	Basic information on material factors to enable risks associated with Securities linked to one or more Underlying(s) to be assessed	<p>Several risk factors are material for the purpose of assessing the market risks associated with Securities issued under the Programme:</p> <p>General, market and other risks</p>

Element	Heading	
		<ul style="list-style-type: none"> - Suitability of the investment: Securities may not be an appropriate investment for all investors; - Potential costs of dealing and holding Securities: incidental cost linked to dealing and holding Securities may reduce or cancel out any potential benefit on the Securities; - Hedging considerations: the value of the Securities during their life may not exactly offset the loss realised on the hedged underlying; - Rights in respect of the Underlying(s): the Securities do not confer any rights against the Underlying(s); - Possible lack of liquidity for the Securities on the secondary market: Securities may not have a secondary market established when issued. There can be no assurance that an active market for the Securities will develop on the market where the Securities are listed or that liquidity will exist at any time on this market, if it develops. Consequently, investors may not be able to sell their Securities before their maturity date or their exercise date, as the case may be; - Volatility affecting the secondary market for Securities: the occurrence of events may have a negative impact of the price of Securities; - Legal constraints possibly restricting certain investments: each investor has to review himself or with its legal counsel the appropriate treatment of the Securities in a legal point of view; - Leverage : Securities with a leverage factor involve a high level of risk implying a greater losses compared to similar Securities, in the event of loss; - Taxation: potential purchasers and sellers of the Securities should be aware that they may be required to pay taxes or other charges or documentary duties in accordance with the laws and practices of the country where the Securities are transferred or in other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as Securities; - Change in law: no assurance can be given as to the impact of any possible judicial decision or change to such laws, or the official application or interpretation of such laws or administrative practices after the date of this Base Prospectus. - French Insolvency Law: under French insolvency law, some creditors are grouped into a committee. The decision of this committee may lead to an increase of Holders' liabilities, an unequal treatment between the creditors, or a conversion of the debt into securities. - U.S Foreign Account Tax Compliance Act (FATCA): withholding at source imposed by FATCA rules in the United States may impact the Securities; - Hiring Incentives to Restore Employment Act (HIRE Act): US legislation

Element	Heading	
		<p>on payments equivalent to dividends may impact on the Securities;</p> <ul style="list-style-type: none"> - Financial Transaction Tax (FTT): A common FTT may be progressively implemented in some Member States of the European Union and could, if introduced, apply to Securities; - European Market Infrastructure Regulation and Markets in Financial Instruments Directive (EMIR) : the regulatory changes arising from EMIR and MiFID II may in due course significantly raise the costs of entering into derivative contracts and may adversely affect the Hedging Party's ability to engage in transactions in OTC derivatives; - The Bank Recovery and Resolution Directive (BRRD): once implemented, Holders may be subject to write-down or conversion into equity on any application of the general bail-in tool, which may result in such Holders losing some or all of their investment. - Risks relating to Physical Settlement: the Issuer shall not be liable under any circumstances if it is not able to deliver, or procure delivery, to the relevant holder by reason of applicable laws, regulations and practices; <p>Risks linked to Underlying</p> <ul style="list-style-type: none"> - Risks relating to the Underlying(s): these risks encompass among others any risk linked to fluctuations in the price, level or rate, as the case may be, of the share, the index, the commodity, a unit of the fund, the futures contract, the listed option, the exchange rate, the reference rate, the debt instrument as well as the management policies by an index sponsor for the index. In addition, as the investor will not be the beneficial owner of the underlyings, it will not be entitled to any dividends or similar amounts or to exercise any rights granted to beneficial owners of the underlying(s), if the underlying(s) permits it; - Potential conflicts of interest: the Issuer, the Guarantor or their subsidiaries may enter into transactions linked to the underlying(s) for their own account or for third party pursuant to their activity; - Potential conflicts of interests in connection with proprietary indices: the Issuer, the Guarantor or any of their affiliates may be involved in proprietary indices and accordingly may face to a potential conflict of interests between its function under the Securities and the function under the proprietary indices; - Emerging market risk: additional risks may be associated to Underlying which are located in, or subject to regulation in emerging or developing countries, securities which are denominated or traded in such countries or currencies of such countries; - Calculation Agent: the Calculation Agent may have to make choices that may influence the amount receivable by the holders upon final settlement of the Securities and has wide discretionary powers to make such adjustments as it considers appropriate. Nevertheless, the Calculation Agent will act in the interest of the holders; - Foreign exchange risk: the value of the Securities may be affected by fluctuations in exchange rates between any currency in which a payment

Element	Heading	
		<p>must be made under the Securities and any currency in which an underlying is traded;</p> <ul style="list-style-type: none"> – Issuer Settlement Option: exercise of its early settlement option by the Issuer may cause the return anticipated by holders to be considerably less than anticipated ; – Credit rating to Securities: credit rating agency may assign credit ratings to certain Securities, however those credit ratings do not constitute a guarantee of the quality of the Securities – Downgrading or withdrawal of the Guarantor’s credit rating: downgrading or withdrawal of the Guarantor’s credit rating may affect adversely the market value of the Securities. <p>Risk linked to the underlying futures contract or basket of futures contracts: the market price of these Securities may be volatile and may depend on the residual term to maturity and the volatility of the price, level or rate, as the case may be, of the relevant futures contract(s). The price of the futures contract(s) may also be affected by economic, financial and political events occurring in any one or more countries, including factors affecting the exchange(s) or quotation systems on which such futures contract(s) may be traded.</p> <p>Risks relating to Certificates: Any investment in Certificates involves significant risks which are not normally associated with a similar investment in traditional fixed or floating rate securities. In the opinion of the Issuer, acquiring Certificates should be restricted to investors who are well able to understand the particular risks of an investment in this type of instrument or who acquire them following the advice of a financial institution or other professional investors.</p>
