

This is a translation into English of the statutory auditor's report on the financial statements of the Company issued in French and it is provided solely for the convenience of English-speaking users.

This statutory auditor's report includes information required by European regulations and French law, such as information about the appointment of the statutory auditor or the verification of the management report and the other documents provided to the shareholders.

This report should be read in conjunction with, and construed in accordance with, French law and professional auditing standards applicable in France.

TotalEnergies Capital

Year ended December 31, 2023

Statutory auditor's report on the financial statements

ERNST & YOUNG Audit

TotalEnergies Capital

Year ended December 31, 2023

Statutory auditor's report on the financial statements

To the Annual General Meeting of TotalEnergies Capital,

Opinion

In compliance with the engagement entrusted to us by your annual general meeting, we have audited the accompanying financial statements of TotalEnergies Capital for the year ended December 31, 2023.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the Company as at December 31, 2023 and of the results of its operations for the year then ended in accordance with French accounting principles.

The audit opinion expressed above is consistent with our report to the Board of Directors acting as the Audit Committee.

Basis for Opinion

■ Audit Framework

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Statutory Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

■ Independence

We conducted our audit engagement in compliance with the independence requirements of the French Commercial Code (*Code de commerce*) and the French Code of Ethics for Statutory Auditors (*Code de déontologie de la profession de commissaire aux comptes*) for the period from January 1, 2023 to the date of our report, and specifically we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No. 537/2014.

Justification of Assessments - Key Audit Matters

In accordance with the requirements of Articles L. 821-53 and R. 821-180 of the French Commercial Code (*Code de commerce*) relating to the justification of our assessments, we inform you of the key audit matters relating to risks of material misstatement that, in our professional judgment, were of most significance in our audit of the financial statements of the current period, as well as how we addressed those risks.

We have no key audit matters to report.

Specific Verifications

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by laws and regulations.

■ Information given in the management report and in the other documents with respect to the financial position and the financial statements provided to the shareholders

We have no matters to report as to the fair presentation and the consistency with the financial statements of the information given in the Board of Directors' management report and in the other documents with respect to the financial position and the financial statements provided to the shareholders.

We attest the fair presentation and the consistency with the financial statements of the information relating to payment deadlines mentioned in Article D. 441-6 of the French Commercial Code (*Code de commerce*).

■ Information relating to corporate governance

We attest that the section of the Board of Directors' management report on corporate governance sets out the information required by Articles L. 225-37-4 and L. 22-10-10 of the French Commercial Code (*Code de commerce*).

Report on Other Legal and Regulatory Requirements

■ Format of preparation of the financial statements intended to be included in the annual financial report

We have also verified, in accordance with the professional standard applicable in France relating to the procedures performed by the statutory auditor regarding the annual and consolidated financial statements prepared in the European single electronic format, that the preparation of the financial statements intended to be included in the annual financial report mentioned in Article L. 451-1-2, I of the French Monetary and Financial Code (*Code monétaire et financier*), prepared under the Chairman and Chief Executive Officer's responsibility, complies with the single electronic format defined in Commission Delegated Regulation (EU) No. 2019/815 of 17 December 2018.

On the basis of our work, we conclude that the preparation of the financial statements intended to be included in the annual financial report complies, in all material respects, with the European single electronic format.

We have no responsibility to verify that the financial statements that will ultimately be included by your Company in the annual financial report filed with the AMF (*Autorité des marchés financiers*) agree with those on which we have performed our work.

■ Appointment of the Statutory Auditor

We were appointed as statutory auditor of TotalEnergies Capital by your annual general meeting held on March 29, 2006.

As at December 31, 2023, we were in the eighteenth year of total uninterrupted engagement.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with French accounting principles and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The Board of Directors acting as the Audit Committee is responsible for monitoring the financial reporting process and the effectiveness of internal control and risk management systems and where applicable, its internal audit, regarding the accounting and financial reporting procedures.

The financial statements were approved by the Board of Directors.

Statutory Auditor's Responsibilities for the Audit of the Financial Statements

■ Objectives and audit approach

Our role is to issue a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

As specified in Article L. 821-55 of the French Commercial Code (*Code de commerce*), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- ▶ Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- ▶ Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management in the financial statements.
- ▶ Assesses the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.
- ▶ Evaluates the overall presentation of the financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.

■ Report to the Board of Directors acting as the Audit Committee

We submit to the Board of Directors acting as the Audit Committee a report which includes in particular a description of the scope of the audit and the audit program implemented, as well as the results of our audit. We also report significant deficiencies, if any, in internal control regarding the accounting and financial reporting procedures that we have identified.

Our report to the Board of Directors acting as the Audit Committee includes the risks of material misstatement that, in our professional judgment, were of most significance in the audit of the financial statements of the current period and which are therefore the key audit matters that we are required to describe in this report.

We also provide the Board of Directors acting as the Audit Committee with the declaration provided for in Article 6 of Regulation (EU) No. 537/2014, confirming our independence within the meaning of the rules applicable in France as set out in particular in Articles L. 821-27 to L. 821-34 of the French Commercial Code (*Code de commerce*) and in the French Code of Ethics for Statutory Auditors (*Code de déontologie de la profession de commissaire aux comptes*). Where appropriate, we discuss with the Board of Directors acting as the Audit Committee the risks that may reasonably be thought to bear on our independence, and the related safeguards.

SIGNIFICANT EVENTS

During the year 2023, TotalEnergies Capital continued its activity on debt capital markets through Commercial Paper issuances, as well as its activity of interest rate and currency risk management.

For short-term borrowings, TotalEnergies Capital can issue under Commercial Paper programmes (US CP, EURO CP) and under a NEU CP programme.

For long-term borrowings, TotalEnergies Capital can issue along with TotalEnergies SE, TotalEnergies Capital Canada and TotalEnergies Capital International, as principal issuer under an EMTN programme (guaranteed by TotalEnergies SE), not renewed as of December 31, 2023, under a US SEC-Registered Shelf programme (guaranteed by TotalEnergies SE) and under an AMTN programme in Australia (guaranteed by TotalEnergies SE). TotalEnergies Capital can also issue on a stand-alone basis (guaranteed by TotalEnergies SE).

During the year 2023, TotalEnergies Capital did not issue any new debenture loan.

TotalEnergies Capital's issuance programmes have long-term and short-term ratings by Standard and Poor's: A+/A-1, and by Moody's: A1/P-1. These ratings were made possible thanks to TotalEnergies SE's guarantee granted to these programmes. TotalEnergies SE has a long-term and a short-term rating by Standard and Poor's: A+/A-1 with a Stable outlook on the long-term rating, and by Moody's: A1/P-1 with a Stable outlook on the long-term rating.

NOTE 1: ACCOUNTING RULES

GENERAL PRINCIPLES

The balance sheet and income statement are established in accordance with the provisions of French law and in compliance with generally accepted accounting principles used by corporations.

ACCOUNTING RULES AND METHODS

The long- and medium-term financing transactions within the company TotalEnergies are recorded as financial assets according to their face value.

✓ Currency transactions

Given its financial activities and the significant amount of its foreign currency inflows and outflows, TotalEnergies Capital uses multi-currency accounting, as financial institutions do.

Therefore, at closing, TotalEnergies Capital does not use translation adjustment accounts but revaluates balance sheet and off-balance sheet entries whose impact is recorded in the income statement (unrealized foreign exchange gains and losses).

The revaluation of long-term off-balance sheet items in foreign currencies is recorded in the balance sheet as the financial derivative instruments with which they match (debenture loans).

The revaluation of short-term off-balance sheet items in foreign currencies is recorded under “revenue receivables from the revaluation of off-balance sheet foreign exchange positions” or “expenses payables for the revaluation of off-balance sheet foreign exchange positions.”

The foreign exchange positions are converted into euros based on the exchange rate at the end of the fiscal year.

✓ **Interest Rate and Currency Financial Instruments**

Outstanding transactions involving forward financial instruments are recognized as off-balance sheet liabilities. They consist primarily of interest rate and currency swap agreements negotiated for hedging purposes in order to manage TotalEnergies Capital’s exposure to fluctuations in interest rates and foreign exchange rates.

The interest differentials along with the premium and discount points associated with these swaps or forward contracts are recorded, prorated over the period, in the income statement as financial expenses or income over the life of the items that they hedge.

A provision will be booked for possible losses relating to transactions where the accounting standards for hedging are not respected.

✓ **Debenture loans**

Debenture loans converted into US dollars or euros through individually paired swaps at issuance are shown after swaps in the balance sheet and in the income statement. They are converted at the closing rate on the date of the accounts statement. The profits and losses resulting from the conversion at the closing rate of the currency debenture loans and swaps are recorded in the income statement under the heading: Foreign Exchange Profits and Losses.

✓ **Presentation of interests on swaps hedging debenture loans**

Interests on debenture loans are presented net of swaps. This presentation allows consistency between the profit and loss statement and the balance sheet (debenture loans are presented after their revaluation for foreign exchange variations on associated swaps) and enables a direct assessment of the overall cost of debt. On the balance sheet, accrued interests on debenture loans are also disclosed net of accrued interests on swaps.

Note 2: FINANCIAL ASSETS

Fixed financial assets are comprised of long-term loans in euros and US dollars with TotalEnergies Finance for a nominal amount of 1.855 billion euros
Loans in euros are presented after swaps.
They are fully backed by the debenture loans after taking into account issuance swaps.
