COP22: GL events signs a €35 million contract

On Monday, 2 May 2016, GL events signed a contract to install temporary facilities amounting to MAD 376 million (MAD 451 million included taxes) for the 22nd session of the Conference of the Parties (COP 22) to the United Nations Framework Convention on Climate Change in Marrakesh (Morocco) to be held from the 7th to 18th of November of this year.

GL events heads a consortium that includes Capital Events (a Moroccan event agency), Agence Publics (communication), LENI (computer services) and RAHAL (catering services).

Following Lima and Paris, GL events, an integrated event industry group, in this way demonstrates its capacity to support governments in organizing major planetary events dealing with climate issues.
