The subsidiary GL events Equestrian Sport, representing the consortium formed with the French Equestrian Federation, announces its selection following the call for tenders organised by Paris 2024 for the planning and delivery of event operations and equestrian and para-equestrian competitions for the Paris 2024 Olympic Games. These events will be staged in the exceptional setting of the gardens of the Château de Versailles.

Olivier Ginon, Chairman-CEO of GL events Group, commented:

"We are very proud that GL events has once again been selected as the preferred supplier for a major event of the Paris 2024 Olympic and Paralympic Games. The organisation of all equestrian events - show jumping, eventing, dressage and modern pentathlon - within the magnificent gardens of the Château de Versailles is a testimony to our high level of expertise in offering the public a unique experience during world-class events. This new contract provides yet another confirmation of the experience and professionalism of our teams who have once again succeeded in meeting the requirements of a project of this magnitude under optimal and environmentally friendly conditions".

On this basis, GL events Group will be responsible for the design, planning, installation and management of event and sports operations at the site on behalf of Paris 2024. The Group will develop temporary facilities for training and competitions in show jumping, eventing, dressage and modern pentathlon to enable the athletes, riders and horses, to perform under optimal conditions. Spectators will be offered an experience specifically adapted to the unique protected setting of the gardens of the Château de Versailles to follow all the competitions.

Sports competitions, traffic management and site security form an integral part of the mission entrusted to the consortium. In addition to providing conceptual engineering and event organisation services, the Group will install the hospitality structures (10,000 sqm), overlay services (furniture, heating, ventilation, lighting, sound, illumination), the boxes, the areas reserved for competitors and the grandstands (20,000 seats).

Sylvie Robert, Managing Director of GL events Equestrian Sport added: *"GL events Equestrian Sport is extremely proud of this prestigious selection to support Paris 2024 in staging the equestrian and para-equestrian events of Paris 2024. Our teams would like to thank Paris 2024, the French Equestrian Federation and the International Equestrian Federation for their confidence. GL events' know-how and expertise will be fully deployed to ensure an optimal experience for attendees and participants and flawless execution, with at the heart of its concerns, the safety and well-being of the public, the riders and their horses for the duration of the events."*
