

Press release

ASTRA DISTRIBUTES PROGRAMMES OF MEDIENGRUPPE RTL IN SWITZERLAND

Luxembourg, 21 October 2013. SES (NYSE Euronext Paris and Luxembourg Stock Exchange: SESG) has announced today that the Swiss programmes RTL CH and RTL II CH will be broadcast from ASTRA's orbital position 19.2 degrees East from 2014 onwards. With the change, all four Swiss versions of the German RTL channels will be available on ASTRA: RTL CH, RTL II CH, Super RTL CH and Vox CH. RTL has contracted additional satellite capacity for the transmission of the channels.

About SES

SES is a world-leading satellite operator with a fleet of 54 geostationary satellites. The company provides satellite communications services to broadcasters, content and internet service providers, mobile and fixed network operators and business and governmental organisations worldwide.

SES stands for long-lasting business relationships, high-quality service and excellence in the broadcasting industry. The culturally diverse regional teams of SES are located around the globe and work closely with customers to meet their specific satellite bandwidth and service requirements.

SES (NYSE Euronext Paris and Luxembourg Stock Exchange: SESG) holds participations in Ciel in Canada and QuetzSat in Mexico, as well as a strategic participation in satellite infrastructure start-up O3b Networks. Further information under: www.ses.com.
