The company INVESTEOLE, unlisted public company, with capital of € 37,000, registered under number 510 867 047 by the trade register of Aix-en-Provence, having its registered office at 75, rue Denis Papin, 13857 Aix-en-Provence, is dedicated to the holding and financing of wind farms and in particular the wind farm "*Parc Eolien de la Vallée du Don*".

PURPOSE OF ISSUE

The bond issue is mainly intended to finance the construction of a wind farm « *Parc Eolien de la Vallée du Don* » with an installed capacity of 10 MW (5 turbines of 2 MW each), in order to operate it and possibly sell it to a third party investor. It will finance on an ancillary basis (approximately 32.6%) the needs arising from the daily operation of this project as well as those destined to allow seizing additional investment opportunities in wind power.

The assets will be legally held by the 100% subsidiary of INVESTEOLE, the company PARC EOLIEN DE LA VALLEE DU DON, a société par actions simplifiée with capital of 5.000 euros, registered under number 537 862 077 by the trade register of Aix-en-Provence, having its registered office at 75, rue Denis Papin, 13857 Aix-en-Provence. The operational management of the plant will be fully entrusted to Global EcoPower.
