Good performance in the first half of 2016 Sales have grown by 12.4% at EUR 167.3 million

Consolidated half-year sales (1 January – 30 June) - unaudited

First quarter	77.8	71.1	+9.4%
Second quarter	89.5	77.8	+15.0%
Total first half-year	167.3	148.9	+12.4%

First half-year sales at constant exchange rates	169.5	148.9	+13.8%
Thereof maintenance	69.6	60.5	+15.0%

Order intake is up 7.3%, from a high Q1/2015 base that counted two exceptional orders worth almost EUR 5 million, despite the restructuring of the production centres in France slowing down order intake and invoicing.

This situation should improve in the last quarter of this year. In addition the exceptional 2015 order in the USA should be invoiced in 2016.

agta record confirms its growth perspective of 8 to 9%.

First half-year EBITA will be affected by the delayed invoicing at record France.

In the second half, if the British Pound stays at the present level, EBITA could be reduced by EUR 0.6 million and non-cash forex losses could be EUR 0.6 million (estimates).

Next media release: Half-year results 2016, on 12 September 2016 (after trading).
