WALLIX ANNOUNCES ITS PARTICIPATION IN THE ODDO BHF FORUM FROM 11 TO 12 JANUARY 2018

WALLIX, a software company providing cyber security and governance solutions for information systems access, has announced that it is taking part in the 2018 ODDO BHF Forum to be held at the Centre des Congrès conference center in Lyon, France on 11 and 12 January 2018.

WALLIX, proactive investor engagement

WALLIX, a hyper-growth company and leader in privileged access management, is taking part in the ODDO BHF Forum, one of France's biggest conferences for midcap investors. In 2017, the event brought together more than 250 companies and over 450 investors. This year, WALLIX will present institutional investors with an overview of the company, its strategy and recent news.

The presentation materials used at the conference can be downloaded from the Group website: <http://www.wallix-bourse.com/en/financial-information/financial-reports.html>.

WALLIX's participation in the ODDO BHF Forum is part of the company's active commitment to keeping institutional and individual investors regularly informed through its financial communications – a commitment that has led to a sharp rise in the liquidity of its shares and in daily trading volumes, which have increased by more than eight times in value in the space of one year.
