WALLIX GROUP RANKED AMONG THE BEST YOUNG TECHNOLOGY STOCKS ON THE EURONEXT TECH 40 LABEL

WALLIX GROUP (ALLIX: FR0010131409 - Euronext Growth), a software company providing cyber security solutions and the European specialist in privileged account governance, is proud to have been awarded the Tech 40 label. At the initiative of EnterNext, the Tech 40 label was launched with the aim of discerning the most innovative European start-ups and SMEs listed on the Euronext markets

The Tech 40 label brings together emblematic companies within the Tech sector listed on Euronext markets and operating in life sciences, eco-industries or TMT¹. The 40 companies carrying the Tech 40 label are selected by an independent committee of European experts on the basis of their business, financial and stock market performance.

The WALLIX Group will benefit from one year of promotion and dedicated assistance together with a calendar of events and roadshows, and will join the EnterNext Tech 40 index composed exclusively of Tech 40 labeled securities.

Jean-Noël de Galzain, Chairman of the WALLIX GROUP Management Board, said: "We are proud to join the ranks of the Tech 40 label which brings together benchmark European companies with strong potential in the technology sector. Carrying this distinction supports our ambition to become the European leader in cyber security by striving for excellence in innovation. It also proves the merits of our strategy, which has already enabled us to carry out a successful fundraiser this May."
