

Press release

Levallois-Perret, May 4th 2022, 6 pm

FIRST QUARTER 2022 REVENUE OF: 72.5 M€ ACCELERATED GROWTH: +20%

Unaudited consolidated data In M€ - IFRS Standards	2022	2021	Variation
1 st Quarter Revenue	72.5	60.2	+20%

Alphonse has been consolidated since March 1st, 2021. SunTseu has been consolidated since October 1st, 2021

In the 1st quarter of 2022, **Umanis (Euronext Growth - FR0013263878 - ALUMS)** achieved a consolidated revenue of 72.5 M€, up 20% compared to the 1st quarter of 2021.

Beyond its consolidation scope (consolidation of Alphonse on March 1st, 2021 and SunTseu on October 1st, 2021), Umanis confirms its accelerated activity initiated in 2021, with a sustained organic growth of more than 10% in this quarter.

The increase in activity is the result of a significant headcount growth during the 4th quarter of 2021, which continued throughout the 1st quarter of 2022, combined with the improvement of the activity rate as compared to the same period last year.

Umanis confirms its recruiting goal of 1,000 new consultants in France in 2022, in Data, Digital and Infra & Cloud, to support its clients' needs for massification.

Subsequent to Quarter end, and in the context of the proposed acquisition of Umanis by CGI announced on March 11, 2022, the signing of the acquisition contract for all Umanis shares held by MURA (controlled by Mr. Laurent Piepszownik) and by Mr. Olivier Pouligny- representing approximately 70.6% of Umanis' share capital, at a price of €17.15 per share - was completed on April 25, 2022.

The final acquisition of the controlling block of shares is therefore only subject to **(i)** obtaining regulatory approvals in relation to merger control and foreign investments in France, and **(ii)** the issuance of a fairness opinion by an independent expert appointed by the Board of Directors of Umanis, as well as the recommendation of the said Board of Directors.

The acquisition of the block of shares and the filing of the simplified tender offer with the Autorité des marchés financiers are expected to be completed by the end of Q2 2022.
