Paris, France – 6 November 2023 at 8:00 AM CET - CRYPTO BLOCKCHAIN INDUSTRIES (CBI), listed on Euronext Growth Paris under the symbol FR0014007LW0 - ALCBI, today announces a strategic partnership with Africarare, opening new development prospects for both companies. This agreement involves an exchange of lands and tokens, allowing CBI to explore new activities on the Africarare platform. This agreement is reciprocal, with Africarare having the same opportunities on the AlphaVerse platform developed by CBI.

This agreement opens the door to exciting new possibilities in the digital universe, strengthening the presence of both partners in their respective domains.

The agreement includes a land exchange. CBI and Africarare can develop these lands in cooperation with their own partners or sell them. Therefore, CBI/AlphaVerse and its partners can immediately use Africarare's lands to develop new experiences. The same will apply reciprocally for Africarare and its partners in the universe developed by CBI/AlphaVerse. Alternatively, CBI and Africarare can freely transfer the acquired lands if there is interest.

A sponsorship program will be established between AlphaVerse and Africarare to compensate each party based on the traffic brought to the other platform and the revenues generated by these users. Each of the parties will be responsible for the development and commercialization of the purchased lands.

In addition to the land acquisition, this agreement includes an exchange of \$UBUNTU tokens issued by Africarare and valued at \$155,000 in exchange for \$CRYS tokens and \$USDT tokens. The \$UBUNTU token and the \$CRYS token are the governance tokens of Africarare and AlphaVerse, thus strengthening the ties between the two partners.

This multi-component partnership reflects the ongoing commitment of CBI and Africarare to explore new opportunities and foster innovation in the blockchain and digital universe. For more information, please visit the website www.cbicorp.io.
