¹ Total number of voting rights attached to shares – shares without voting rights. As of 29 February 2024, 53,431 shares were held in treasury by the company and therefore without voting rights.

About Lhyfe

Lhyfe is a European group devoted to energy transition, and a producer and supplier of green and renewable hydrogen. Its production sites and portfolio of projects intend to provide access to green and renewable hydrogen in industrial quantities, and enable the creation of a virtuous energy model capable of decarbonising entire sectors of industry and transport.

In 2021, Lhyfe inaugurated the 1st industrial-scale green hydrogen production plant in the world to be interconnected with a wind farm. In 2022, it inaugurated the 1st offshore green hydrogen production pilot platform in the world. In 2023, it inaugurated its 2nd and 3rd sites, and currently has several sites under construction or expansion across Europe.

Lhyfe is represented in 12 European countries and had 195 staff at the end of December 2023. The company is listed on the Euronext market in Paris (ISIN: FRO014009YQ1 – mnemonic: LHYFE).
