### About Arcure

Founded in 2009, Arcure is an international group specializing in artificial intelligence applied to image processing in the industrial sector. It develops and markets solutions to enhance the autonomy and safety of industrial machinery and robots.

Arcure has notably developed Blaxtair®, a state-of-the-art intelligent pedestrian detection solution that improves safety around industrial vehicles in numerous contexts, particularly in the most extreme environments. With over 25,000 units already sold in more than 50 countries, Blaxtair® is used by global industrial leaders and is being progressively adopted by equipment manufacturers.

Arcure has its headquarters, R&D offices, and operational units in France, a subsidiary in the United States, and sales offices in Germany, Spain, and the United Kingdom. Arcure is listed on the Euronext Growth market (ISIN: FR0013398997 - Ticker: ALCUR). The group recorded revenue of €18.7 million for the 2024 fiscal year, 81% of which was generated internationally.
