Paris, March 24, 2026

### **Postponement of the Publication Date of the Annual Financial Statements**

The innovative nature of the financial engineering transactions carried out by Ethero in 2025, as part of its new strategy, has led to last-minute discussions regarding their accounting treatment in the preparation of the final balance sheet, resulting in a delay that does not allow the originally planned timetable to be reasonably met.

Accordingly, the publication of the 2025 annual financial statements, initially scheduled for March 25, 2026, has been postponed to April 9, 2026, after market close.
