CBo Territoria, french commercial real estate company, confirms PEA-PME eligibility

CBo Territoria (Euronext Paris Compartment C: FR0010193979, CBOT) announces that its shares are eligible[1] for inclusion in the French equity savings plan dedicated to Small and Medium-sized Enterprises ("PEA-PME").

A leading real estate player in Réunion for more than 20 years, CBo Territoria is a **multi-regional real estate investment and development company** with a high-quality property portfolio valued at nearly €392 million as of December 31, 2025. The portfolio consists of 86% diversified commercial real estate assets, including retail, office and business parks.

For many years, this eligibility has reinforced the position of CBo Territoria on the Paris market. As one of the few French listed real estate companies eligible for the PEA-PME scheme, the Group provides investors with access to listed real estate exposure through this long-term savings vehicle.

The PEA-PME offers the same tax advantages as the traditional PEA (French Equity Savings Plan), including an exemption from income tax on capital gains and dividends, provided that no withdrawals are made during the first five years.
