**Press release**

**Paris, April 21, 2009**

**Opening in France of the standing repurchase order on the market of the OCEANEs maturing  
January 1, 2010  
(standing repurchase order from April 22 to April 28, 2009)**

Following a reverse bookbuilding process launched concurrently with the offering of the bonds convertible into and/or exchangeable for new or existing shares due January 1, 2014 (the "Bonds"), Cap Gemini S.A. ("Cap Gemini" or the "Company") received indications of interest in selling from certain holders of its bonds convertible into and/or exchangeable for new or existing shares of Cap Gemini issued in 2003 and due January 1, 2010 (the "2010 OCEANEs") representing approximately 21% of the total original principal amount issued of approximately €460 million.

Following the settlement of the Bonds offering, which occurred on April 20, 2009, the Company has repurchased today, in off-market transactions 1,898,017 2010 OCEANEs at a price of €51.50, i.e. a total amount of €97,747,875.50. The repurchase price per 2010 OCEANE is equal to (i) the par value plus any unpaid interest accrued between the repurchase date and the immediately preceding payment date (i.e. €51.38), plus (ii) a premium of approximately 0.23% (i.e., €0.12 per 2010 OCEANE).

Following these off-market repurchases, the Company undertakes, in order to ensure the fair treatment of all 2010 OCEANE holders that did not transfer their 2010 OCEANEs in the above-mentioned off-market transaction, to place a standing repurchase order on the market in France. The Company will thus place a standing repurchase order on the market in France between April 22 and April 28, 2009, i.e., five trading days, at the same price as that which was paid to 2010 OCEANE holders who sold their 2010 OCEANEs in connection with the off-market transactions, the settlement and delivery of which occurred today, at a price of €51.50 per 2010 OCEANE.

The standing repurchase order will be managed by BNP Paribas.

At the end of the standing repurchase order period (i.e., April 28, 2009 included), the Company will announce the total amount of repurchased 2010 OCEANEs.

The repurchased 2010 OCEANEs will be cancelled in accordance with their terms.

The Company reserves the right to continue to repurchase 2010 OCEANEs, on or off-market, after the standing repurchase order period. However, if the Company repurchases 2010 OCEANEs representing

a block of at least 10% of the initial principal amount of initially issued 2010 OCEANES, the Company will undertake to implement, within two market days of the final repurchase forming a block of 10%, a new standing repurchase period of at least five consecutive trading days at a repurchase price per 2010 OCEANE equal to the sum of (i) the highest purchase price (after subtraction of accrued and unpaid interest) of purchases made by the Company during the last twelve months and (ii) the accrued and unpaid interest on the 2010 OCEANES between the repurchase date and the immediately preceding payment date.

### **About the Capgemini Group**

Capgemini, one of the world's foremost providers of consulting, technology and outsourcing services, enables its clients to transform and perform through technologies. Capgemini provides its clients with insights and capabilities that boost their freedom to achieve superior results through a unique way of working, the Collaborative Business Experience™. The Group relies on its global delivery model called Rightshore®, which aims to get the right balance of the best talent from multiple locations, working as one team to create and deliver the optimum solution for clients. Present in more than 30 countries, Capgemini reported 2008 global revenues of €8.7 billion and employs over 90,000 people worldwide.
