BUSINESS ACTIVITY

The Teleperformance Group's consolidated revenues amounted to €1,847.7 million, an increase of 3.5% based on published data.

If not considering the foreign exchange effect, the Group's consolidated revenues increased by 4.7%.

The negative impact related to the **foreign exchange effects** amounted to €20.9 million in 2009 and may be described as follows:

- NAFTA +€7.5 million
- EMEA -€19.4 million
- Other -€9.0 million

On a comparable basis (excluding foreign exchange and scope of consolidation effects), the Group's revenues overall declined by 1.1%, as follows:

- NAFTA -3.5%
- EMEA -4.3%
- Other +48.8%

Last year, the Group reported slight revenue erosion across the whole network, except for the "Other" region, which covers South America and Asia. Revenues significantly increased in this region mainly as a result of strong activity in South America (Argentina & Brazil).

The decline noted in the NAFTA region is related to lower revenues from our major clients, partially offset by the signature of new contracts.

As for the EMEA region, revenues slightly decreased throughout 2009, except for France where revenues noticeably declined in comparison with 2008.

Changes in the scope of consolidation in 2009 may be mostly explained by the external growth transactions, which were completed during the second half of 2008:

- In the EMEA region: Acquisition of a controlling interest in the GN Research Group, which was consolidated as of July 1.
- In the NAFTA region:

Acquisition of the US company The Answer Group, which was consolidated as of December 31.

The Colombian company Teledatos is part of the group since end of December. The company was consolidated as of December 31, 2009. Therefore its revenues have not been included in the consolidated revenues for 2009.

In 2009, the scope of consolidation effect represented a net positive impact of €104.8 million, which may be split as follows:

- In the EMEA region: +€8.0 million
- In the NAFTA region +€96.8 million

The Group's revenues are now distributed per region as follows:

(in %)	31-12-2009	31-12-2008	Changes
EMEA	50.0	54.5	-4.5
including France	16.0	20.5	-4.5

PROFITABILITY

Net operating profit amounted to €130 million versus €177.9 million in 2008.

The operating margin rate represented 7% of the Group's revenues, versus 10% in 2008.

This result includes a €21 million provision corresponding, based on the current elements, to the initial cost estimate of the restructuration plan announced by our subsidiary TP France in 2009 and which became effective as of February 4, 2010.

Excluding this item, EBITA* amounted to €156.2 million, or 8.5% of revenues, which is in line with the objectives announced on November 26, 2009 during the last the financial meeting. Operating profitability per region is as follows:

EBITA ratio* (in %)	Actual 2008	Actual 2009
EMEA	8.0	1.3
NAFTA (1)	13.8	14.7
Other	-3.1	2.0
Rest of the World - Total	11.7	13.4

* Net operating profit before amortization of intangible assets related to acquisitions and provision related to the reorganization of the French operations

The net financial result amounted to €0.1 million versus a net expense of €1.9 million in 2008.

Income tax amounted to €41.3 million versus €56.4 in 2008. The average tax rate was 31.8% versus 32.1% at December 31, 2008.

As a consequence, the Group's net profit amounted to €88.8 million, versus €119.5 million in 2008. Net profit, Group share, amounted to €88.2 million versus €116.4 million in 2008, decreasing by 24.2%. The minority interests' share in net profit strongly declined as it amounted to €0.6 million versus €3.1 million in 2008. This may be explained by the policy initiated by the Group in the second half of 2008 to purchase minority interests in subsidiaries.

Diluted earnings per share amounted to €1.56, versus €2.09 in 2008.

FINANCIAL STRUCTURE

The Group's financial structure at December 31, 2009 may be described as follows:

- Shareholders' equity amounting to €1,114.1 million, including €1,111.1 million as Group share;
- Cash available amounted to €238.7 million;
- Financial liabilities amounted to €227.7 million, of which €121.8 million from a €300 million revolving credit facility;
 Financial expenses related to minority interest purchase commitments in Group subsidiaries amounted to €10.6 million versus €28 million in 2008. Such reduction resulted from the policy initiated by the Group in the second half of 2008 to purchase minority interests in subsidiaries and which
- Net cash surplus amounted to €11 million.

continued throughout 2009.

CASH FLOWS

The Group's net cash flow generated by operating activities amounted to €190.2 million, versus €98.2 million in 2008.

As for capex in 2009, excluding finance lease agreements, they represented €67.1 million net (i.e., 3.6% of revenues) versus €68.8 million in 2008 (i.e., 3.8% of revenues). Free cash flow ended up at €123.1 million, versus €29.4 million at December 31, 2008.

Net cash outflow related to changes in the scope of consolidation amounted to €97.5 million. It is notably due to the investment made in Colombia at the end of the year and to the purchase of minority interests from managing directors in the Teleperformance subsidiaries.

Other investment transactions involved a net cash inflow of $\in 1.2$ million.

Cash flows from financing activities were translated into a net cash outflow of €48.6 million, including: -€25 million for dividend payment,

+€3.7 million for a cash increase in capital,

-€27.3 million for the net decrease in financial liabilities.

Finally, after considering all these transactions, the Group's net cash flow generated in 2009, excluding foreign exchange and scope of consolidation effects, declined by €21.8 million.

The Group's net cash surplus was modified as follows:

In millions of euros	
At January 1, 2009	17.8
Free cash flow	123.1

* This amount includes the price adjustment related to acquisitions and the financial liabilities resulting from companies which are now consolidated.

DIVIDENDS 2009

....

Due to the nonrecurring charges to be incurred as a result of the reorganization of the French operations and a limited visibility of the markets, the Board of Directors will propose to the Annual General Meeting, to be held on May 27, 2010, that dividend be set at $\in 0.33$ per share, considering the best interests of the Company and its shareholders.

OUTLOOK

The start of the year is tough, especially in Europe: the reorganization of the French operations will continue to impact the Group's results in 2010 while Italy and the Germanic region remain sources of concern.

In 2010 Teleperformance's global business is expected to see the first signs of recovery in the second quarter, and further improvement over the second half of the year.

The Board of Directors has implemented strict cost reduction and control measures. These are particularly necessary in the current period, which is characterized by the necessity not only to reorganize European operations, but also to adapt to a very uncertain business environment.

The objectives announced in November 2009 will be reconsidered, like every year, during our next financial meeting on May 26, 2010; they will be based on the first quarter 2010 achievements and the analysis of market trends.

FINANCIAL STATEMENT AUDIT PROCESS – STATUTORY AUDITORS' REPORT
