

CLASQUIN
organisateur en transport aérien et maritime, et en logistique overseas

Press release, May 3 2010 (post closing)

The final audit of Clasquin Italy accounts carried out by the company auditors revealed that it is necessary to set aside an additional provision in view of unrecorded or erroneously recorded expenses.

This additional provision of €500,000 is recorded in the branch accounts for the year ended December 31, 2009.

The inclusion of this provision results in an adjustment to the fall in Clasquin SA consolidated income as published on March 23, 2010.

A meeting of the Board of Directors is to be held on Friday May 07, 2010, with the purpose of preparing a new financial statement; the company will then announce the final consolidated income for the year, taking into account this additional provision, and publish its annual accounts for 2009 on line.

The General Meeting originally planned for June 15, 2010 will now take place on June 22, 2010. The dividend announced previously remains unaffected.

Clasquin is an air and sea freight forwarding and overseas logistics specialist.

The Group designs and manages the entire overseas transport and logistics chain, organising and coordinating the flow of client shipments between France and the rest of the world, and more specifically to and from Asia-Pacific and the United States.
