## **Vivendi supports the “Safer Internet Day”**

On February 8<sup>th</sup> 2011, Vivendi will renew its support to the “Safer Internet Day”, in the framework of its partnership with the European Union to better analyze the opportunities and risks of the new digital uses in young people’s lives.

Indeed, Vivendi supports “Pan-EU Youth” (<http://www.paneuyouth.eu/web/youth>), an initiative carried out by European Schoolnet and the Insafe network (European Commission). This pioneering online platform offers European teenagers a space to discuss the impact of new technologies on their lives. Today, the opening of a new online consultation dedicated to “Digital lives” will give them the opportunity to share their opinions and expectations by inputting blogs, answering polls and debating on forums. They will also be able to download an interactive role-playing game designed for the occasion.
