

## **Faiveley Transport wins a strategic contract to supply the complete brake system for the V300 Zefiro project in Italy**

The Ansaldo Breda consortium with Bombardier have awarded Faiveley Transport a contract to supply the complete brake system, including brake control, bogie brake, air treatment and generation and the sanding for 400 cars for very high speed trains, V300 Zefiro, to be operated by Trenitalia in Italy.

This high speed braking equipment includes the high performance compact calliper (concept C3), the Nowe sanding system, the Buran oil free air generation technology, the pneumatic brake control and the service proven Gemini electronics.

This contract win confirms Faiveley Transport's undisputed know how in high speed braking and illustrates the expertise of the multicultural teams who enjoy a close relationship with both Trenitalia and the Bombardier Ansaldo Breda consortium. Since 1981, Faiveley Transport has equipped over 7500 high speed cars, operating at over 300km/h daily, totally 5 billion KM of service is complete safety.

Delivery will begin in 2012.

### **FAIVELEY TRANSPORT, A WORLD LEADER IN THE RAIL INDUSTRY**

#### **About Faiveley Transport**

*Faiveley Transport, a specialist player in the global market for high-tech components for rail systems, is extending its range of products across seven business lines: air conditioning, power information & control, passenger access systems, platform screen doors, braking, couplers and customer service.*

*Boasting the most comprehensive range of equipment and services in the market, Faiveley Transport's mission is to supply the railway industry, operators and rail maintenance organizations the world over.*

*As a supplier, the Faiveley Transport Group comprehensively covers the value chain, from design to production, marketing and services.*

*Faiveley Transport is a provider of high value-added services combined with excellent levels of quality and safety to guarantee customers the highest levels of product availability.*

*Faiveley Transport stands out from its competitors by its flexibility, reliability and capacity to innovate.*
