

**XIRING : turnover for the first quarter of 2011: 3.9 million euros
(+11.1% compared to Q1 2010 restated)**

Suresnes, France, April 19th 2011: XIRING, a security solutions provider for electronic transactions, announces a turnover of 3.9 million euros representing a 11.1% growth over 2010 (restated to allow a strict comparison with e-Health and e-ID perimeter).

Q1 2011 turnover	Restated Q1 2010 turnover	Variation	Released Q1 2010 turnover
€39 m	€35 m	+11.1%	€4.4 m

NB : The released Q1 2010 turnover included a remainder from the management of the end of a bank authentication contract completed on behalf of the purchaser of this activity but did not include the contribution of Telfix acquired in June 2010.

The restated Q1 2010 turnover takes these two facts into account to allow comparison versus Q1 2011 turnover.

During the quarter, the company has won a key contract in e-ID with the French UGAP (Government Purchases Agency) as well as a 7,500 e-Health terminals order for the German market, confirming the restart of the German program.

Georges Liberman, Chairman and CEO, stated: *“Our first quarter turnover is in line with our expectations and our teams have won significant sales contracts. Furthermore, our new services offers Prium-Service+ and PAYPHARMA have been warmly greeted at Pharmagora, the French pharmacy exhibition at the end of March. These elements confirm our confidence for the future”.*

H1 2011 turnover released on Tuesday July 12th 2011 after market closes.

About XIRING

XIRING, a security solutions provider for electronic transactions, develops security software embedded in smart card readers and terminals for strong authentication and electronic signatures. XIRING is the market leader in SESAM-Vitale healthcare terminals for generating and signing electronic medical claim forms or for updating healthcare cards in France and also works alongside authorities in the field of healthcare system dematerialization in international markets. In the area of electronic identity (e-ID), XIRING proposes a broad range of solutions for public authority staff and citizens to meet the latest market challenges with secure electronic identity documents systems: national electronic identity cards, electronic passports, public transport cards, professional cards. XIRING is listed on the Alternext compartment of the NYSE-Euronext Paris stock exchange. For further information: www.xiring.com
