

Technip awarded contract for onshore gas project in Australia

Technip was awarded a reimbursable contract for the engineering work and services related to procurement and construction management for the Macedon gas project located 17 kilometers of Onslow in North West Australia.

The contract covers the onshore facilities consisting of a gas plant and pipelines works. Technip's operating centers in Perth, Australia and Kuala Lumpur, Malaysia will execute the contract, which is scheduled to be completed in 2013.

Technip is a world leader in project management, engineering and construction for the energy industry.

From the deepest Subsea oil & gas developments to the largest and most complex Offshore and Onshore infrastructures, our 23,000 people are constantly offering the best solutions and most innovative technologies to meet the world's energy challenges.

Present in 48 countries, Technip has state-of-the-art industrial assets on all continents and operates a fleet of specialized vessels for pipeline installation and subsea construction.

Technip shares are listed on the NYSE Euronext Paris exchange and the USA over-the-counter (OTC) market as an American Depositary Receipt (ADR: TKPPK).
