

**Press release**

**Paris, February 21, 2012**

**Issuance by Nexans of bonds convertible into and/or exchangeable for new or existing shares (OCEANE) in the nominal amount of approximately € 240 million, which may be increased up to a maximum nominal amount of approximately € 275 million, due January 1, 2019**

**Final terms (subject to the French *Autorité des marchés financiers* visa)**

Nexans (the "**Company**" and, together with its subsidiaries, the "**Group**") launched today an offering of bonds convertible into and/or exchangeable for new or existing shares, known by their French acronym "OCEANE", due on January 1, 2019 (the "**Bonds**") in an initial nominal amount of approximately € 240 million, that may be increased up to a maximum nominal amount of approximately € 275 million if the over-allotment option granted to the Joint Lead-Managers and Joint Bookrunners is exercised in full, which exercise must occur no later than February 27, 2012.

The purpose of the issue is to extend the maturity of the Company's debt, in particular by refinancing part of the outstanding € 279,999,930.60 nominal bonds convertible into and/or exchangeable for new or existing shares maturing on January 1, 2013 (the "**2013 OCEANE**"). This transaction should allow the Company to continue to have the financial flexibility necessary to finance its general corporate purposes

The nominal value is fixed at **€ 72.74** per Bond, representing an issue premium of **35%** over Nexans' reference share price on the regulated market of NYSE Euronext in Paris<sup>1</sup> ("**Euronext Paris**"). The aggregate amount of the issuance is **€ 240,000,029.02** million, represented by **3.299.423** Bonds. The Bonds will be convertible into or exchangeable for new and/or existing Nexans shares at the ratio of one share per Bond, subject to possible future anti-dilution adjustments.

The Bonds will bear interest at an annual rate of **2.5%** per annum payable on January 1<sup>st</sup> of each year (or the following day if such date is not a business day), i.e. approximately **€ 1.82** per Bond and will be redeemed in cash at par on January 1, 2019. Exceptionally, the first coupon, paid on January 1, 2013 (or the following day if such date is not a business day), will cover the period from February 29, 2012, the expected issue date, to December 31, 2012 inclusive, and will be calculated *pro rata temporis*.

This initial Interest payment will therefore be equal to approximately **€ 1.53** per Bond.

---

<sup>1</sup> The reference price is equal to the volume-weighted average price of Nexans' shares on Euronext Paris from the opening of trading on February 21, 2012 until the date on which the final terms of the Bonds are set.
