UNITED COMPANY RUSAL PLC

(Incorporated under the laws of Jersey with limited liability)

(Stock Code: 486)

CONTINUING CONNECTED TRANSACTIONS SALE OF RAW MATERIALS

Reference is made to the announcements of the Company dated 28 December 2012, 16 January 2013, 25 January 2013 and 28 January 2013 in relation to certain continuing connected transactions regarding the supply of raw materials by members of the Group to the associates of Mr. Deripaska/En+.

The Company announces that on 7 February 2013, RUSAL TH, a member of the Group, as seller, has entered into the Aluminium Granules Supply Contract with JSC “BaselCement-Pikalevo”, an associate of Mr. Deripaska.

Reference is made to the announcements of the Company dated 28 December 2012, 16 January 2013, 25 January 2013 and 28 January 2013 in relation to certain continuing connected transactions regarding the supply of raw materials by members of the Group to the associates of Mr. Deripaska/En+.

ALUMINIUM GRANULES SUPPLY CONTRACT

The Company announces that on 7 February 2013, RUSAL TH, a member of the Group, as seller, has entered into a contract with JSC “BaselCement-Pikalevo”, an associate of Mr. Deripaska, as buyer, pursuant to which RUSAL TH agreed to supply and JSC “BaselCement-Pikalevo” agreed to purchase aluminium granules in the estimated volume of 50 tonnes at the consideration of approximately USD0.38

million for the financial year ending 31 December 2013 (the “**Aluminium Granules Supply Contract**”). The scheduled termination date of the Aluminium Granules Supply Contract is on 31 December 2013. The consideration is to be paid in advance, and is to be satisfied in cash via wire transfer.

THE AGGREGATION APPROACH

Pursuant to Rule 14A.25 of the Listing Rules, the continuing connected transactions under the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts are required to be aggregated, as they were entered into by the Group with the associates of the same connected persons or with parties connected or otherwise associated with one another, and the subject matter of each of the contracts relates to the supply of raw materials by the Group.

The annual aggregate transaction amount payable under the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts is estimated to be up to approximately USD17.175 million for the year ending 31 December 2013.

The annual aggregate amounts are estimated by Directors based on the maximum amount of consideration payable under the terms of the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts.

REASONS FOR AND BENEFITS OF THE TRANSACTIONS

The entry into of the Aluminium Granules Supply Contract is in the ordinary and usual course of business of the Group. The Company believes that the entry into of the Aluminium Granules Supply Contract with its connected persons is for the benefit of the Company as the Group is assured of payment on a timely basis.

The terms of the Aluminium Granules Supply Contract have been negotiated on arm’s length basis between member of the Group and the associate of Mr. Deripaska, and the transactions are entered into on normal commercial terms. The consideration payable under the Aluminium Granules Supply Contract has been arrived at by reference to market price and on terms no less favourable than those prevailing in the Russian market for raw materials of the same type and quality and those offered by members of the Group to independent third parties.

The Directors (including the independent non-executive Directors) consider that the Aluminium Granules Supply Contract have been negotiated on an arm's length basis and on normal commercial terms which are fair and reasonable and the transactions contemplated thereunder are in the ordinary and usual course of business of the Group and in the interests of the Company and its shareholders as a whole.

None of the Directors has a material interest in the transactions contemplated by the Aluminium Granules Supply Contract save for Mr. Deripaska who is indirectly interested in more than 30% of the issued share capital of JSC "BaselCement-Pikalevo". Accordingly, Mr. Deripaska did not vote on the Board resolutions approving the Aluminium Granules Supply Contract.

LISTING RULES IMPLICATIONS

JSC "BaselCement-Pikalevo" is held by Basic Element as to more than 30% of the issued share capital. Basic Element is in turn held by Mr. Deripaska (the chief executive officer of the Company and an executive Director) as to more than 50% of the issued share capital. JSC "BaselCement-Pikalevo" is therefore an associate of Mr. Deripaska and is thus a connected person of the Company.

Accordingly, the transactions contemplated in the Aluminium Granules Supply Contract constitute continuing connected transactions of the Company.

As the applicable percentage ratios (other than the profits ratio) for the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts for the year ending 31 December 2013 are more than 0.1% but less than 5%, pursuant to Rule 14A.34 of the Listing Rules, the transactions contemplated under the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts are only subject to the reporting and announcement requirements set out in Rules 14A.45 to 14A.47, the annual review requirements set out in Rules 14A.37 to 14A.40 and the requirements set out in Rules 14A.35(1) and 14A.35(2) of the Listing Rules. They are exempt from the independent shareholders' approval requirements of Chapter 14A of the Listing Rules.

Details of the Aluminium Granules Supply Contract and the Previously Disclosed 2013 Raw Materials Supply Contracts will be included in the next annual report and accounts of the Company in accordance with Rule 14A.46 of the Listing Rules where appropriate.

PRINCIPAL BUSINESS ACTIVITIES

The Company is principally engaged in the production of aluminium and alumina. The Company's assets include bauxite and nepheline ore mines, alumina refineries, aluminium smelters, casthouse business for alloys production, aluminium foil mills and production of aluminium packaging materials as well as power-generating assets. Spread across 19 countries in 5 continents, the operations and offices of the Company employ over 72,000 people.

JSC "BaselCement-Pikalevo" is principally engaged in cement production for construction industry.
