

Technip, in consortium with JGC, awarded the Yamal LNG project in Russia

Technip, leader of a consortium with JGC, was awarded by JSC Yamal LNG, owned by NOVATEK (80%) and TOTAL (20%), a contract to carry out the engineering, procurement, supply, construction and commissioning of an integrated facility for natural gas liquefaction. The project will start immediately with a phase of detailed engineering, estimation and early procurement.

The facility will have an annual production capacity of 16.5 million tons and will be based on the resources of the South Tambey Gas Condensate field located on the Yamal Peninsula, Russia.

Technip's operating center in Paris, France will execute the project.

Technip is a world leader in project management, engineering and construction for the energy industry.

From the deepest Subsea oil & gas developments to the largest and most complex Offshore and Onshore infrastructures, our 36,500 people are constantly offering the best solutions and most innovative technologies to meet the world's energy challenges.

Present in 48 countries, Technip has state-of-the-art industrial assets on all continents and operates a fleet of specialized vessels for pipeline installation and subsea construction.

Technip shares are listed on the NYSE Euronext Paris exchange and the USA over-the-counter (OTC) market as an American Depositary Receipt (ADR: TKPPY).
