

PRESS RELEASE

Visit of Luc Oursel to Niger

Paris, may 24th 2013

Following yesterday's attacks to the Somaïr mine site, Luc Oursel, the President and CEO of AREVA, has travelled to Niger today in order to meet with AREVA's colleagues and representatives of the Nigerien government.

"I would like to express my solidarity with those who have been wounded and wish to pay tribute to our colleague who passed away at Somaïr.

I salute the courage and professionalism of all of our colleagues, at Somaïr, Cominak, Imouraren, and at Niamey, who make the cooperation between France and Niger a reality.

I pass along to them the many messages of support that I have received on behalf of AREVA.

Today, in face of this ordeal, my visit here is a testament to the strength of our engagement in Niger."

MORE ABOUT AREVA

AREVA supplies solutions for power generation with less carbon. Its expertise and unwavering insistence on safety, security, transparency and ethics are setting the standard, and its responsible development is anchored in a process of continuous improvement.

Ranked first in the global nuclear power industry, AREVA's unique integrated offering to utilities covers every stage of the fuel cycle, nuclear reactor design and construction, and related services. The Group is also expanding its operations to renewable energies – wind, solar, bioenergy, energy storage – to be one of the leaders in this sector worldwide.

With these two major offers, AREVA's 47,000 employees are helping to supply ever safer, cleaner and more economical energy to the greatest number of people.
