MIAMI, Florida -- (BUSINESS WIRE), August 5, 2013 -- Watsco, Inc. (NYSE:WSO) announced today that Barry S. Logan, Senior Vice President, is scheduled to present at the Jeffries 2013 Industrials Conference being held in New York City on Wednesday, August 14, 2013 at 10:30 a.m. (EDT). About Watsco, Inc.

There are approximately 90 million central air conditioning and heating systems installed in the United States that have been in service for more than 10 years. Older systems often operate below today's government mandated energy efficiency and environmental standards. Watsco has an opportunity to accelerate the replacement of these systems at a scale greater than our competitors as the movement toward reducing energy consumption and its environmental impact continues. We operate from more than 570 locations in the United States, Canada, Mexico and Puerto Rico, with additional market coverage on an export basis to Latin America and the Caribbean. As the industry leader, significant growth potential remains given that our current revenue run-rate is approximately 10% of the estimated \$35 billion marketplace in the Americas for HVAC/R products. Additional information about Watsco may be found at <http://www.watsco.com>.
