

Pixium Vision implements a liquidity agreement with Gilbert Dupont

Paris, France. July 17th, 2014. 7:30 CET – Pixium Vision (FR0011950641 – PIX eligible to PEA-PME), a company developing innovative Vision Restoration Systems (VRS) to allow patients who have lost their sight lead more independent lives, announced that it has entrusted Gilbert Dupont with the implementation of a liquidity agreement for a 12 month period, renewable by tacit agreement, on Pixium Vision shares traded on Euronext Paris (Compartment C). The agreement is effective on July 18th, 2014.

This agreement is in accordance with the Charter of Ethics established by the AMAFI of March 8, 2011 and approved by the decision of the Autorité des Marchés Financiers of 21 March 2011. €300 000 (three hundred thousand euros) have been allocated for the implementation of this liquidity contract.

About Pixium Vision (www.pixium-vision.com)

Pixium Vision is developing innovative Vision Restoration Systems (VRS) that aim to significantly improve the independence, mobility and quality of life of patients who have lost their sight. The Company intends to harness the rapid advances being made in visual processing, microelectronics, optoelectronics, and intelligent software algorithms to develop systems that for blind people could ultimately provide vision approaching that of a normal healthy eye.

Pixium Vision is developing two VRS platforms:

- IRIS[®]: Clinical trials are currently underway with IRIS[®] in several centers in Europe with the goal of applying for CE Mark. Commercialization of IRIS[®] is expected to begin in 2015, subject to the obtaining of the CE Mark. Pixium Vision will continue to improve the performance of the IRIS[®] VRS notably through the development of new algorithms and software.
- PRIMA: Currently in preclinical development. The Company plans to begin clinical trials of PRIMA in Europe in 2016.

Pixium Vision was created in 2011 in Paris as a result of combined research, by the Vision Institute, the Pierre et Marie Curie University (UPMC), as well as the collaborative work of several European and American teams from prestigious academic and technological institutions, including Stanford University (USA).

Pixium Vision is an ISO 13485 certified company.

Pixium Vision is listed on Euronext (Compartment C) in Paris.

ISIN: FR0011950641; ticker: PIX

IRIS® is a trademark of Pixium-Vision SA
