## Arkema completes the divestment of Sunclear

**Arkema has finalized the divestment of Sunclear, its plastic and aluminum sheet distribution business.**

Part of the PMMA business, this activity represents sales of some €180 million and an enterprise value of €105 million. Its 354 employees will join BF Invest , an historical commercial partner of Sunclear.

A part of the program to divest €700 million sales, this disposal is in line with Group's strategy to refocus on core businesses.
