

Amplitude Surgical admitted to the SRD “Long-seulement” Long-only Deferred Settlement Service

Valence (France), November 23, 2015 – Amplitude Surgical (ISIN: FR0012789667, Ticker: AMPLI, PEA-PME eligible), a leading French player on the global surgical technology market for lower-limb orthopedics, announces that its shares will be admitted to the Euronext Paris SRD (*Service de Règlement Différé*, i.e. Deferred Settlement Service) from 29 December 2015, on the “Long-seulement” (Long-only) segment.

With a minimum daily trading volume of €100,000 over the past year, a condition for being admitted to the SRD “Long-seulement” (Long-only Deferred Settlement Service), the liquidity of Amplitude Surgical shares has increased significantly as a result of regular communications of its performances.

In practical terms, the SRD “Long-seulement” will allow those with a French securities account to purchase Amplitude Surgical shares on margin using the leveraged effect of deferred settlement. For the buyer, risks are thus limited to the initial size of the investment.

Being admitted to the SRD “Long-seulement” will make Amplitude Surgical shares more attractive and will increase liquidity by providing access to a broader base of institutional and individual investors.
