Europear Group pursues its expansion in the carsharing market with the acquisition of GuidaMi by Ubeeqo

Europear Group, the European leader in vehicle rental services and a major player in mobility markets, announced, through Ubeeqo - the innovative mobility start-up in which Europear owns a majority share - the acquisition of GuidaMi, the station-based carsharing reference company in Milan. Italy becomes the 6th market in which Ubeeqo offers a groundbreaking alternative to private cars. Ubeeqo already operates in France, Belgium, Germany, the United Kingdom and Spain.

GuidaMi is the historical carsharing player in Milan with more than 150 cars already available in Milan's streets with dedicated car park spaces within the city. GuidaMi opens the Italian market to Ubeego and offers an innovative and user friendly service.

"Milan is one of Europe's most dynamic cities in the field of mobility solutions providing an alternative to private cars. We are glad, through this acquisition, to position Ubeeqo in this promising market with the same ambition we have in other cities: providing businesses and individuals with a groundbreaking alternative to car ownership and encourage those who still own cars to sell them" says Ubeeqo co-founder Benoît Chatelier.

Ubeeqo's mobility app will also be available for the Milanese. This innovative mobility platform allows users to both book and pay for solutions like carsharing, car rental and taxi/chauffeur service. This platform also attracts business customers, thanks to its centralised billing, as they are looking for solutions that limit the volume of expense accounts.

"Just a few months after the acquisition of Bluemove in Spain, the Europear Group is once again, through Ubeeqo, expanding accross the carsharing market and is making a lively entry into yet another European country where our Group can capitalise on a solid position. This new acquisition marks a key step in our drive to become a global mobility solutions leader", stresses Fabrizio Ruggiero, Europear Group Deputy CEO Sales, Marketing, Customers & InterRent.
