THE ANNUAL AGGREGATE TRANSACTION AMOUNT

Pursuant to Rule 14A.81 of the Listing Rules, the continuing connected transactions contemplated under the New Purchase of Raw Materials for Repairing Contract and the Previously Disclosed Purchase of Raw Materials for Repairing Contracts should be aggregated, as they were entered into by members of the Group with the associates of Mr. Blavatnik, and the subject matter of each contract relates to the purchase of raw materials from the associates of Mr. Blavatnik by the Group.

The annual aggregate transaction amount that is payable by the Group to the associates of Mr. Blavatnik under the New Purchase of Raw Materials for Repairing Contract and the Previously Disclosed Purchase of Raw Materials for Repairing Contracts for the financial year ending 31 December 2017 is estimated to be approximately USD31.964 million.

The contract price payable under the New Purchase of Raw Materials for Repairing Contract has been determined with reference to the market price and on terms no less favourable than those prevailing in the Russian market for raw materials of the same type and quality and those offered by the associates of Mr. Blavatnik to independent third parties.

The Company invited several organizations to take part in the tender in relation to the relevant required purchase of raw materials and chose the contractor offering the best terms and conditions (taking into account the quality offered and the price) and then entered into the contract with the chosen party. Accordingly, the New Purchase of Raw Materials for Repairing Contract was entered into.

The annual aggregate transaction amount is estimated by the Directors based on the amount of raw materials to be purchased and their contract price.

REASONS FOR AND BENEFITS OF THE TRANSACTIONS

The Directors consider that the New Purchase of Raw Materials for Repairing Contract is for the benefit of the Company, as the chosen contractor can supply raw materials to the Group at a satisfactory quality and at a competitive price. The New Purchase of Raw Materials for Repairing Contract was entered into for the purposes of purchasing raw materials for repair work.

The Directors (including the independent non-executive Directors) consider that the New Purchase of Raw Materials for Repairing Contract has been negotiated on an arm's length basis and on normal commercial terms which are fair and reasonable and the transactions contemplated under the New Purchase of Raw Materials for Repairing Contract are in the ordinary and usual course of business of the Group and in the interests of the Company and its shareholders as a whole.

None of the Directors has a material interest in the transactions contemplated by the New Purchase of Raw Materials for Repairing Contract save for Mr. Blavatnik, a former non-executive Director, who is indirectly interested in more than 30% of "ENERGOPROM-Novosibirsk Electrode Plant".

LISTING RULES IMPLICATIONS

Mr. Blavatnik, a former non-executive Director, indirectly holds more than 30% of the issued share capital of "ENERGOPROM-Novosibirsk Electrode Plant". "ENERGOPROM-Novosibirsk Electrode Plant" is therefore an associate of Mr. Blavatnik and a connected person of the Company under the Listing Rules.

Accordingly, the transactions contemplated under the New Purchase of Raw Materials for Repairing Contract and the Previously Disclosed Purchase of Raw Materials for Repairing Contracts constitute continuing connected transactions of the Company.

The estimated annual aggregate transaction amount of the continuing connected transactions under the New Purchase of Raw Materials for Repairing Contract and the Previously Disclosed Purchase of Raw Materials for Repairing Contracts for the financial year ending 31 December 2017 is more than 0.1% but less than 5% under the applicable percentage ratios. Accordingly, pursuant to Rule 14A.76 of the Listing Rules, the transactions contemplated under these contracts are only subject to the announcement requirements set out in Rules 14A.35 and 14A.68, the annual review requirements set out in Rules 14A.49, 14A.55 to 14A.59, 14A.71 and 14A.72 and the requirements set out in Rules 14A.34 and 14A.50 to 14A.54 of the Listing Rules. These transactions are exempt from the circular and shareholders' approval requirements under Chapter 14A of the Listing Rules.
