About Onxeo

Onxeo is a biotechnology company developing innovative drugs for the treatment of orphan diseases in oncology, driven by high therapeutic demand in one of the fastest growing segments of the pharmaceutical industry.

Onxeo's objective is to become a major international player in the field of rare cancers. Its growth strategy is founded on the development of innovative, effective, and safe drugs based on breakthrough technologies that can make a real difference in the treatment of orphan oncology diseases and considerably improve the quality of life of patients affected by rare or resistant cancers.

Onxeo's comprehensive portfolio features a broad orphan oncology pipeline, with 3 major products in several on-going preclinical and clinical programs, alone or in combination for various cancer indications:

- **Livatag®** (Doxorubicin Transdrug™): Currently evaluated in the treatment of Hepatocellular carcinoma (HCC, also called primary liver cancer) in a phase III trial, ReLive. ReLive is a randomized, international trial designed to demonstrate the efficacy and the safety of Livatag® compared to the best available treatment chosen by the physician in 390 patients with advanced HCC after failure or intolerance to sorafenib.
- **Beleodaq®** (belinostat): FDA conditional approved in the US in 2014 under the agency's accelerated approval program as a second-line treatment for patients with peripheral T-cell lymphoma (PTCL) and currently marketed by Onxeo's partner in the US, Spectrum Pharmaceuticals; belinostat in combination with other anti-cancer agents is currently in development in first-line treatment for patients with PTCL (BelCHOP) and in solid tumors.
- **AsiDNA™**: The first-in-class siDNA (signal-interfering DNA) which has successfully undergone a proof-of-concept Phase I trial with a local administration in metastatic melanoma. The Company is currently pursuing preclinical programs to demonstrate AsiDNA activity with a systemic administration.

The Company is headquartered in Paris, France with offices in Copenhagen and in New York, and has approximately 60 employees. Onxeo is listed on Euronext in Paris, France and Nasdaq Copenhagen, Denmark (Ticker: ONXEO, ISIN Code: FR0010095596).
