

TxCell reports monthly information regarding the total number of voting rights and the total number of shares

Valbonne, France, November 6, 2018, 5.45pm CEST – TxCell SA (FR0010127662 – TXCL), a developer of cellular immunotherapies based on regulatory T cells (Tregs) for inflammation, autoimmunity and transplantation, today reports the monthly information regarding the total number of voting rights and the total number of shares.

Pursuant to the article 223-16 of the AMF General Regulation, the total number of shares comprising the share capital and the total number of voting rights as of October 31, 2018, are presented as follow:

Date	Total number of shares of the Company	Total number of voting rights	
		Total gross ⁽¹⁾	Total net ⁽²⁾
10/31/2018	25,450,903	25,450,903	25,450,903

(1) Pursuant to the article 223-11 of the AMF General Regulation, the total number of gross voting rights is calculated on the basis of all shares to which voting rights are attached, including shares whose voting rights have been suspended. The number of gross voting rights (or theoretical voting rights) is used as the basis for calculating the crossing of shareholding thresholds.

(2) The total number of net voting rights (or exercisable voting rights) is calculated without taking into account, if applicable, the shares with suspended voting rights. It is released so as to ensure that the market is adequately informed, in accordance with the recommendation made by the AMF on July 17, 2007.

About TxCell – www.txcell.com

TxCell is a biotechnology company that develops platforms for innovative, personalized T cell immunotherapies for the treatment of severe inflammatory and autoimmune diseases with high unmet medical need.

TxCell is developing engineered antigen-specific T regulatory cells, where the antigen specificity is brought by a Chimeric Antigen Receptor (CAR) (CAR-Treg cells).

Based in Sophia-Antipolis, France, TxCell is listed on Euronext Paris and currently has 46 employees. Following the acquisition by Sangamo Therapeutics, Inc. of a majority stake of TxCell on October 1st, 2018, TxCell now operates as a subsidiary of Sangamo.

Forward-Looking Statements

This press release contains certain forward-looking statements relating to the business of TxCell, which shall not be considered *per se* as historical facts, including TxCell's ability to develop, market, commercialize and achieve market acceptance for specific products, estimates for future performance and estimates regarding anticipated operating losses, future revenues, capital requirements, needs for additional financing. In addition, even if the actual results or development of TxCell are consistent with the forward-looking statements contained in this press release, those results or developments of TxCell may not be indicative of their in the future.

In some cases, you can identify forward-looking statements by words such as "could," "should," "may," "expects," "anticipates," "believes," "intends," "estimates," "aims," "targets," or similar words. Although the management of TxCell believes that these forward-looking statements are reasonably made, they are based largely on the current expectations of TxCell as of the date of this press release and are subject to a number of known and unknown risks and uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievement expressed or implied by these forward-looking statements. In particular, the expectations of TxCell could be affected by, among other things, uncertainties involved in the development of the Company's products, which may not succeed, or in the delivery of TxCell's products marketing authorizations by the relevant regulatory authorities and, in general, any factor that could affect TxCell capacity to commercialize the products it develops, as well as, any other risk and uncertainties developed or identified in any public documents filed by TxCell with the AMF, included those listed in chapter 4 "Risk factors" of the 2017 *document de référence* (registration document) submitted to the AMF on April 25, 2018. In light of these risks and uncertainties, there can be no assurance that the forward-looking statements made in this press release will in fact be realized. Notwithstanding the compliance with article 223-1 of the General Regulation of the AMF (the information disclosed must be "accurate, precise and fairly presented"), TxCell is providing the information in these materials as of this press release, and disclaims any intention or obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
