About NAVYA

NAVYA is a leading French name in the autonomous vehicle market and in smart shared mobility solutions. With more than 270 employees in France (Paris and Lyon) and in the United States (Michigan), NAVYA develops, manufactures and commercializes autonomous, driverless, and electric vehicles that combine robotic, digital and driving technologies at the highest level. Since 2015, NAVYA has been the first to market and put into service autonomous mobility solutions. NAVYA has a range of two autonomous vehicles: the AUTONOM® SHUTTLE, main development axis, launched in September 2015, of which more than 115 had been sold as of 31 December 2018, notably in the United States, France, Germany, Switzerland, Japan and Australia, and the AUTONOM® CAB, unveiled in November 2017 and whose first road tests will start shortly. Created in 2014 with the support of Robolution Capital, investment fund managed by 360 Capital Partners, his reference shareholder, NAVYA's shareholders also include the Gravitation fund and Paris Region Venture Fund (Région Île-de-France) managed by Cap Decisif Management as well as Valeo and Keolis groups.

NAVYA is listed on the Euronext regulated market in Paris (ISIN code: FR0013018041- NAVYA).
