**Truck** traffic in July 2019 is down 10% compared to July 2018, mainly due to the lack of recovery in the automotive market, and a slowdown in UK consumption. Since the beginning of the year, more than 940,000 trucks have crossed the Channel on Le Shuttle Freight services (down 5%).

In July 2019, **Passenger Shuttles** transported 294,044 passenger vehicles, down 7% compared to July 2018, penalised by an unfavourable calendar effect with later holiday departures. Since 1 January 2019, more than 1,460,000 passenger vehicles have crossed the Channel with Le Shuttle.

August traffic figures will be published on Wednesday 11 September before the markets open.
