Insurgency: Sandstorm invites console players to prepare for a hardcore depiction of combat with deadly ballistics, destructive artillery, and unprecedented audio design that puts the fear back into the genre. Death comes fast, ammunition must be carefully managed, and the environment must be tactically navigated at every step towards victory.

"The console market has been craving a hardcore modern-day tactical shooter for a long time. Expanding our tried and tested PC formula to the console market is a huge step in our company's evolution and we are excited to bring our signature style of tactical FPS to the console market for the very first time" - Keith Warner, President of New World Interactive.

Insurgency: Sandstorm launches on PlayStation 4 and Xbox One on **August 25th, 2020**. Stay tuned for more information.

The game will be playable all week at PAX East on the Focus Home Interactive booth (#29017). Further information and interviews available upon request. Please contact communication@focus-home.com
