

## Verimatrix Application Shielding Technology Wins CSI Magazine Award

*Takes Top Honors in this Year's Best Cybersecurity Category*

**Aix-en-Provence, France and San Diego, USA, September 30, 2020** – [Verimatrix](#), (Euronext Paris: VMX), the leader in powering the modern connected world with people-centered security, today announced that [ProtectMyApp](#), an application shielding solution for mobile app developers, was named Best Cybersecurity Service in the 18<sup>th</sup> Annual [CSI Magazine Awards](#). Winners were announced during a [virtual broadcast](#) on September 18.

Verimatrix's application shielding technology is routinely recognized for its ability to streamline the implementation of code protection while still providing the most robust security possible for mobile app developers.

"It's crucial to vigorously secure the actual mobile applications that have become such a vital part of our industry," said Goran Nastic, editor of CSI Magazine. "Delivering increasingly valuable content, mobile apps and their developers can be armed with latest application shielding technologies that result in self-defending apps. Congratulations to Verimatrix for being named the winner of this year's Best Cybersecurity Service."

"Verimatrix's uniquely powerful mix of expertise in both video security and code protection results in application shielding technologies that are unmatched in the industry," said Asaf Ashkenazi, COO at Verimatrix. "We are honored that CSI Magazine named Verimatrix a winner in this year's Best Cybersecurity Service category. We remain committed to offering intelligent, automated software security that ensures apps remain fully trusted by their users and unappealing for cybercriminals to mess with in the first place."
