

Technip Energies awarded a significant contract by Indian Oil Corporation to upgrade the Barauni Refinery in India

Technip Energies (PARIS:TE) has been awarded a significant⁽¹⁾ Engineering, Procurement, Construction and Commissioning (EPCC) contract by Indian Oil Corporation Limited (IOCL) for its BR9 Expansion Project in Barauni, Bihar, in the Eastern part of India.

This EPCC contract covers the installation of a new Once-through Hydrocracker Unit (OHCU) of 1 million metric tonnes per annum (MMTPA) capacity, a Fuel Gas Treatment Unit (FGTU) and the associated facilities. The OHCU, in combination with downstream refinery units, will enable production of BS VI Grade fuels – similar to Euro VI Grade fuels – and petrochemicals.

Bhaskar Patel, Senior Vice President India Business Unit at Technip Energies commented: *“We are very pleased to have been awarded this contract by Indian Oil Corporation Limited. This award demonstrates our long-term commitment in India and substantially consolidates our positioning in High Operating Pressure projects. It also strengthens our position as a leading provider of key projects to the major players in India’s domestic energy sector.”*

IOCL’s Barauni refinery, built in 1964, is the second refinery to be built in India. The BR9 Expansion project shall enhance refinery capacity from 6 MMTPA to 9 MMTPA and will add petrochemicals such as Polypropylene into Barauni refinery’s product portfolio.

Technip Energies has a strong footprint in India with local presence in Delhi, Mumbai, Chennai and Dahej.

⁽¹⁾ For Technip Energies, a “significant” contract is between €50 million and €250 million.

Note: this award is included in the Company’s first quarter 2021 financial results.

Important Information for Investors and Securityholders

Forward-Looking Statement

This release contains "forward-looking statements" as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. Forward-looking statements usually relate to future events and anticipated revenues, earnings, cash flows or other aspects of Technip Energies' operations or operating results. Forward-looking statements are often identified by the words "believe," "expect," "anticipate," "plan," "intend," "foresee," "should," "would," "could," "may," "estimate," "outlook," and similar expressions, including the negative thereof. The absence of these words, however, does not mean that the statements are not forward-looking. These forward-looking statements are based on Technip Energies' current expectations, beliefs and assumptions concerning future developments and business conditions and their potential effect on Technip Energies. While Technip Energies believes that these forward-looking statements are reasonable as and when made, there can be no assurance that future developments affecting Technip Energies will be those that Technip Energies anticipates.

All of Technip Energies' forward-looking statements involve risks and uncertainties (some of which are significant or beyond Technip Energies' control) and assumptions that could cause actual results to differ materially from Technip Energies' historical experience and Technip Energies' present expectations or projections. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those set forth in the forward-looking statements. For information regarding known material factors that could cause actual results to differ from projected results, please see Technip Energies' risk factors set forth in Technip Energies' filings with the U.S. Securities and Exchange Commission, which include amendment no. 4 to Technip Energies' registration statement on Form F-1 filed on February 11, 2021. Forward-looking statements involve inherent risks and uncertainties and speak only as of the date they are made. Technip Energies undertakes no duty to and will not necessarily update any of the forward-looking statements in light of new information or future events, except to the extent required by applicable law.
