In July 2021, **Le Shuttle Freight** transported 116,556 trucks, a decrease of 6% compared to 2020. The 2021 July traffic was impacted by a temporary and planned reduction in capacity, linked to the testing of the ElecLink cable in the Tunnel.

During the same period, **Le Shuttle** transported 98,064 passenger vehicles. The decrease of 58% results from an unfavourable comparison due to the lifting of lockdown measures at the same time last year.

August traffic figures will be published on Tuesday 7 September 2021 before the markets open.
