

Technip Energies announces that Colette Cohen is to be nominated for appointment to its Board of Directors

Technip Energies (PARIS: TE), a leading Engineering & Technology company for the energy transition, announces that its Board of Directors intends to nominate Ms. Colette Cohen for appointment as a non-executive director at the Company's 2022 Annual General Meeting of Shareholders ("AGM"). Until the AGM, Ms. Cohen will attend meetings of the Board of Directors as an observer.

Joseph Rinaldi, Chairman of the Board of Technip Energies, declared: *"I am delighted that Colette has agreed to be nominated to join the Technip Energies Board. With over two decades of expertise in the energy sector, the leadership role she is playing in the industrial transformation of the sector towards a net zero future and her well recognized advocacy for women in industry, Colette will be a valuable addition to the Board. I look forward to welcoming Colette to the Board."*

Colette Cohen OBE is the Chief Executive Officer for the Net Zero Technology Centre, an organization committed to the development and deployment of technology to accelerate the transition to an affordable net zero future. She has worked in the industry for over 25 years, having held senior positions within industry leaders such as BP, ConocoPhillips and Centrica E&P, both in the UK and internationally.

Colette Cohen has a degree in Pure & Applied Chemistry from Queen's University Belfast, as well as a master's in Project Management & Economics from CERAM (France) and an honorary PhD from Aberdeen University.

She was formerly a Commissioner for the Just Transition Commission for Scotland and a member of the Technology Leadership Board for the UK Government.

Colette is an ambassador for Powerful Women and, in 2020, she was awarded the Order of the British Empire for services to the Oil and Gas industry.

About Technip Energies

Technip Energies is a leading Engineering & Technology company for the energy transition, with leadership positions in Liquefied Natural Gas (LNG), hydrogen and ethylene as well as growing market positions in blue and green hydrogen, sustainable chemistry and CO₂ management. The company benefits from its robust project delivery model supported by extensive technology, products and services offering.

Operating in 34 countries, our 15,000 people are fully committed to bringing our client's innovative projects to life, breaking boundaries to accelerate the energy transition for a better tomorrow.

Technip Energies is listed on Euronext Paris with American depository receipts (“ADRs”) traded over-the-counter in the United States.

Important Information for Investors and Securityholders

Forward-Looking Statement

This release contains “forward-looking statements” as defined in Section 27A of the United States Securities Act of 1933, as amended, and Section 21E of the United States Securities Exchange Act of 1934, as amended. Forward-looking statements usually relate to future events and anticipated revenues, earnings, cash flows or other aspects of Technip Energies’ operations or operating results. Forward-looking statements are often identified by the words “believe,” “expect,” “anticipate,” “plan,” “intend,” “foresee,” “should,” “would,” “could,” “may,” “estimate,” “outlook,” and similar expressions, including the negative thereof. The absence of these words, however, does not mean that the statements are not forward-looking. These forward-looking statements are based on Technip Energies’ current expectations, beliefs and assumptions concerning future developments and business conditions and their potential effect on Technip Energies. While Technip Energies believes that these forward-looking statements are reasonable as and when made, there can be no assurance that future developments affecting Technip Energies will be those that Technip Energies anticipates. All of Technip Energies’ forward-looking statements involve risks and uncertainties (some of which are significant or beyond Technip Energies’ control) and assumptions that could cause actual results to differ materially from Technip Energies’ historical experience and Technip Energies’ present expectations or projections. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those set forth in the forward-looking statements.

For information regarding known material factors that could cause actual results to differ from projected results, please see Technip Energies’ risk factors set forth in Technip Energies’ filings with the U.S. Securities and Exchange Commission, which include amendment no. 4 to Technip Energies’ registration statement on Form F-1 filed on February 11, 2021.

Forward-looking statements involve inherent risks and uncertainties and speak only as of the date they are made. Technip Energies undertakes no duty to and will not necessarily update any of the forward-looking statements in light of new information or future events, except to the extent required by applicable law.
