In November 2021, **Le Shuttle Freight** transported 131,298 trucks, a decrease of 10% compared to 2020 due to an unfavourable comparison because of stockpiling in anticipation of Brexit during the same period in 2020. Since the 1<sup>st</sup> of January 2021, **Le Shuttle Freight** has transported more than 1.23 million trucks.

During the same period, **Le Shuttle** transported 96,506 passenger vehicles, a strong increase of 89% compared to November 2020, driven by travel conditions that were less restrictive than during the same period in 2020.

December traffic figures will be published on Friday 07 January 2022 before the markets open.
