## **OVHcloud admitted to SBF 120 index**

**Roubaix, December, 10<sup>th</sup> 2021** – Following the quarterly review of the index at Euronext Paris, the Conseil Scientifique des Indices (index committee) has decided to admit OVHcloud as part of the SBF 120. This change will be effective from December, 20<sup>th</sup> 2021 at the opening of the markets.

The SBF 120 ranks among the leading Paris stock market indices and consists of the top 120 listed companies in terms of liquidity and free float.

The admission of OVHcloud as part of this leading index, less than two months after its successful IPO, marks another important step for the Group, while also demonstrating the confidence of investors and the credibility of the Group's strategy.

## Calendar

January 12, 2022: First quarter FY2022 revenue February 15, 2022: Annual General Meeting

### **About OVHcloud**

OVHcloud is a global player and Europe's leading cloud provider operating over 400,000 servers within 33 datacenters across four continents. For 20 years, the Group has relied on an integrated model that provides complete control of its value chain: from the design of its servers, to the construction and management of its data centers, including the orchestration of its fiber-optic network. This unique approach allows it to independently cover all the uses of its 1.6 million customers in more than 140 countries. OVHcloud now offers latest generation solutions combining performance, price predictability and total sovereignty over their data to support their growth in complete freedom.
