ICADE SANTÉ CONTINUES TO EXPAND INTO GERMANY WITH ORPEA

Icade Santé¹ has signed preliminary agreements with ORPEA, a global leader in long-term care, to acquire three new nursing home properties in Germany for around €57m (including duties).

The portfolio includes three outstanding assets that meet the highest standards and a total of 254 nursing home beds and 95 assisted-living apartments for an aggregate floor area of c. 20,000 sq.m.

It includes:

- a combined nursing home and assisted-living facility located in Papenburg in Lower Saxony, completed at the end of 2017 and operated by the ORPEA Group, the acquisition of which should be closed by the end of 2021;
- two assets currently under construction: a mixed-use asset located in Krefeld in North Rhine-Westphalia and a nursing home located in Wathlingen in Lower Saxony. They are being developed by their future tenant and operator ORPEA. These two acquisitions are expected to be closed by 2023 once construction is completed and the required permits have been obtained. BREEAM environmental certification is being sought for the Krefeld asset.

New leases will run from the acquisition date of each asset for a firm duration of 15 years.
