Investors webinar in French on January 27, 2022

The Company also announces that a **webinar will be held on January 27, 2022 at 11:00am CET**. Pierre Jérôme, Stéphane Bette and Manuel Lanfossi, respectively, Chairman and CEO, Deputy CEO, and CFO, will present SpineGuard's expectations related to the recently signed agreement with WishBone Medical, the latest advances of the company's innovation pipeline and strategic directions for 2022. This webinar will be held in French and will be followed by a Q&A session. For non-French speakers, please contact us for on-demand meetings. The webinar will be accessible via the following link: [registration link](#)

About SpineGuard®

Founded in 2009 in France and the USA by Pierre Jérôme and Stéphane Bette, SpineGuard is an innovative company deploying its proprietary radiation-free real time sensing technology DSG® (Dynamic Surgical Guidance) to secure and streamline the placement of implants in the skeleton. SpineGuard designs, develops and markets medical devices that have been used in over 85,000 surgical procedures worldwide. Seventeen studies published in peer-reviewed scientific journals have demonstrated the multiple benefits DSG® offers to patients, surgeons, surgical staff and hospitals. Building on these solid fundamentals and several strategic partnerships, SpineGuard has expanded its technology platform in a disruptive innovation: the « smart » pedicle screw launched late 2017 and is broadening the scope of applications in dental implantology and surgical robotics. DSG® was co-invented by Maurice Bourlion, Ph.D., Ciaran Bolger, M.D., Ph.D., and Alain Vanquaethem, Biomedical Engineer. SpineGuard has engaged in multiple ESG initiatives.
